February, 2018

Think Pink!

There are a lot of great activities going on for the month of February like Jumprope for Heart!

The students did an excellent job with their Paul Klee themed projects. We learned a lot about the artist's life, artistic style, and his use of shape in color that appeared throughout his body of work.

Check out these great projects!----->

So far we have explored art from Russia, Mexico, America, and Germany. Our next stop will be the art and culture of India.

The students will observe traditional patterns, symbols, and designs found in traditional Indian culture such as the Paisley and Rangoli.

It is our goal that these will be finished and ready to hang at next month's Waves of Pride!

Waves of Pride will be hosted at the High School on Tuesday March 13th.

All k-4 artwork will be displayed in the small gym.
