Bonjour! Today we celebrate the second day of National French week. French shares with English the distinction of being taught as a foreign language in the education systems of most countries around the world. French is thus the second most widely learned foreign language in the world, with almost 120 million students and 500,000 teachers. An estimated 2 million school students in 50 foreign countries are enrolled in bilingual sections with French as one of the languages of instruction. Tomorrow the French classes invite you to join us as we 'dress like a stereotypical Frenchman' by wearing your favorite striped shirt!
