

# GREENVILLE ATHLETIC DEPARTMENT

2024-2025 Code of Conduct

Greenville City Schools

**2024-2025**  
**Athletic Code of Conduct**

**PHILOSOPHY**

The Greenville City Schools provide a variety of athletic activities that complement the educational and athletic development of each student. The privilege of participation carries the responsibility of adherence to the Athletic Code of Conduct. The actions of student-athletes (hereinafter “participants”) in school and community reflect upon the overall image of the institutions and activities they represent. As representatives of Greenville City Schools, participants are expected to display exemplary conduct at all times, whether or not engaged in athletic activities. Through participation in the student athletic program, students are provided an opportunity for education and character-building experiences.

As well, conformance to this code will promote the safety and welfare of participating students. The Greenville Board of Education desires to implement a policy that will attempt to provide this district with a safe and healthful student athletic program. This policy applies to all athletes from grade 7-12.

Parents/guardians and the school community need to work together to provide these activities for our children. This code is not meant to usurp or restrict the responsibility of parents. The Greenville City School District feels very strongly that parents must monitor their own children’s behavior and impose their own discipline measures beyond those consequences outlined in this document.

This code of conduct represents the minimum standards. Each coach may have additional rules and guidelines established and approved by the administration prior to the beginning of their sport/activity.

**PURPOSE OF CODE OF CONDUCT SHALL BE:**

1. To provide a healthy and safe environment to all student athletes participating in the athletic program.
2. To discourage all student athletes from using tobacco, drugs, and alcohol.
  - a. Students will assume all responsibility for regulating their personal lives in ways that will result in their becoming healthful members of a team and worthy representatives of the school and community.
3. To provide athletes with the opportunity to become leaders in the student body for a drug-free school.
4. To provide solutions for the student athlete who does use drugs and alcohol.
5. To provide the athletic department with positive guidelines and disciplinary policies for violations of the drug free policy.
6. To encourage those students who participate in athletic programs to remain tobacco free, drug free, and alcohol free.
7. To reflect the Greenville community’s desire to have its youth live a tobacco, drug, and alcohol-free lives.

## **ENFORCEMENT OF THE ATHLETIC CODE OF CONDUCT**

The Athletic Code of Conduct is enforced twenty-four (24) hours a day, seven (7) days a week, and three hundred sixty-five (365) days a year; while the participant is enrolled in high school or junior high school.

### **I. Types of Discipline**

- a. Denial of participation.
- b. School work assignments (community service).
- c. Academic ineligibility.
- d. Restitution.
- e. Dismissal.
- f. Drug, alcohol, and/or tobacco assistance program.
- g. Other methods of discipline as outlined in the approved coaches training rules for each sport.
- h. All athletic awards will not be issued until punishment has been served for violations of the Athletic Code of Conduct.

## **IN-SEASON AND OFF-SEASON ATHLETIC PARTICIPATION**

Any person participating in the Greenville High School athletic program and/or contests under the control and jurisdiction of the Greenville Schools and/or the Ohio High School Athletic Association (OHSAA). Any student participating in any selected athletic school sponsored activity that requires a coach and/or advisor.

In-season participation in athletic activities is defined as follows:

\* For athletes, beginning with the Ohio High School Athletic Association starting date through the latter of awards night, or completion of the activity by the student.

A participant whose activity is not in-season at the time of the participant's violation of this Code shall be considered an off-season participant. A student is not considered an "off-season" athlete until they have been a member of an interscholastic sport.

## **STUDENT AND PARENT CONTRACT**

A copy of the Athletic Code of Conduct will be included in the junior high school's and high school's Student Handbook effective 2024-2025 school year and the junior high and high school web pages effective 2024-2025 school year.

A meeting to review the Code of Conduct may be held by the athletic department for parents and student participants. The Athletic Director may utilize a power point presentation on the Athletic Code of Conduct. The presentation provides a standardized presentation for the student, parents, advisors and coaches. After the presentation, the athletic director may conduct a question, answer, and additional rules session, reemphasizing the responsibility of the participants, parents, and coaches. However, enforcement of the provisions of this Code does not depend on attendance at a review session, seeing the presentation or even whether or not such a review session is held.

## **SELF-REFERRALS**

A student athlete may give a self-referral one (1) time during their four-year tenure at Greenville High School. A student-athlete can only self-refer BEFORE information is brought to the administration that could lead to a student athlete code violation. The student will also be required to participate in an approved Alcohol and Drug Education/Intervention Program (at the

cost of the participant) beginning with an assessment from a certified chemical dependency counselor; then following the counselor's recommendations not to exceed five (5) weeks. NO other punitive action is taken upon the student's self-referral. If another violation occurs, the next offense goes to level 2.

\*Self-Referrals do not apply at the middle school (grade 7-8).

## **REVIEW PANEL**

A Review Panel will be established by the athletic director. The High School Review Panel will include the following individuals: assistant principal, the athletic director, and non-suspending head coach. The athletic director shall investigate suspected violations of this Code. Violations that are admitted to by the student and/or parent and are clear-cut will be acted upon by the athletic director. All other violations will be taken to the Review Panel. The Panel may, in its discretion, conduct further investigation, including requesting the appearance before it, of the alleged violator and/or witnesses with information concerning the alleged violations.

Decisions rendered by the Review Panel will require a simple majority vote based on the evidence presented. A student charged with a violation of this Code will be given a written notice of violation. The student may appear before, and be heard by the Review Panel, with or without a representative. The student may appeal the decision by presenting a written request to the building principal within 24 hours after receiving the notice of violation.

The Review Panel is not bound by formal rules of evidence or procedure in the conduct of its investigations and deliberations, and there is no right on the part of the participant to record the proceedings or to confront or cross-examine witnesses. The Review Panel may withhold awards or honors pending its decision.

A participant may request review by the building principal or his/her designee of a decision by the Review Panel finding a Code violation. Such a request must be in writing and given to the principal with 24 hours of being notified of the Review Panel's decision. The review shall occur no later than 48 hours following receipt of the written request for review. The participant shall have the right to appear before the principal/designee, with or without a representative. The principal/designee's review shall be held in closed session, and the principal/designee, is not bound by formal rules of evidence or procedure. The participant shall not have right to confront or cross-examine witnesses, or to make a record of the principal/designee's proceedings. The principal/designee's decision in the matter is final. Pending the principal's review and decision, the decision of the Review Panel shall remain in full force and effect.

In cases of requested reinstatement following Code violations involving alcohol, tobacco or illegal use of drugs, the Review Panel will assess information presented by the Drug and Alcohol Counselor after the student completes substance abuse counseling. The panel will determine whether the student has fulfilled the requirements established by the Athletic Code of Conduct and further determine eligibility for further participation in athletic activities.

This definition also includes all prescribed and over-the-counter drugs being used in any way other than for medical purposes in accordance with the directions for use provided for in the prescription or by the manufacturer.

F. Hazing is defined as doing any act or coercing another, including the victim, to do or initiate any act to another student that causes or creates substantial risk of causing mental or physical harm to any person ("swirling" is considered hazing). Participants involved in any hazing activity will be subject to the maximum penalty as defined in the Code Violation Consequences. For example, if the hazing incident is the participant's first code violation, the participant will lose eligibility for a number of games equal to 40% of the maximum allowable contests (as defined by the OHSAA) as well as post season contests. If the hazing incident is the participant's second code violation, the participant will lose eligibility for a number of games equal to 60% of the maximum allowable contests (as defined by the OHSAA) as well as post season contests. If the hazing incident is the participant's third code violation, the participant will be permanently excluded from all athletic activities.

G. Social Media refers to the use of web-based and mobile technologies to turn communication into interactive dialogue. Examples of Social Media include, but are not limited to: Facebook, Twitter, Instagram, YouTube, Snapchat, Vine, and Kik. 2. Acts of vandalism or abuse of persons or property.
3. Repeated infractions of school rules or chronic incorrigible behavior.

## **CODE VIOLATION CONSEQUENCES**

Any athletic participant violating the Code of Conduct, as determined by the Review Panel, will at a minimum receive a written warning. The Review Panel retains the discretion to adjust the penalty for more serious violations, and to determine further conditions for reinstatement.

### **A) FIRST OFFENSE**

1) A student athlete may give a self-referral one (1) time during their four-year tenure at Greenville High School. A student-athlete can only self-refer BEFORE information is brought to the administration that could lead to a student athlete code violation. The student will also be required to participate in an approved Alcohol and Drug Education/Intervention Program (at the cost of the participant) beginning with an assessment from a certified chemical dependency counselor; then following the counselor's recommendations not to exceed five (5) weeks. The student must successfully complete the counseling program or else she/he will be deemed in violation of the code of conduct and will be ineligible to participate in any athletic program until the program has been completed. NO other punitive action is taken upon the student's self-referral. Parents are encouraged to attend counseling sessions with their child. If another offense occurs, the next offense goes to level 2.

\*Self-referrals do not apply at the middle school (grades 7-8).

2) Upon the first violation the student shall lose eligibility for a number of games equal to 20% of the maximum allowable contests (as defined by the OHSAA), provided the participant admits to the Code violation upon questioning by the athletic director. The athlete must report to practice during this time. The contests shall be consecutive starting with the first scheduled event after the confirmation of the violation and will include post-season contests.

3) Upon the first violation the student shall lose eligibility for a number of games equal to 40% of the maximum allowable contests (as defined by the OHSAA), if the student, upon questioning by the athletic director, denies violating the Code of Conduct and is found to have violated the Code of Conduct by the review board. The athlete must report to practice during this time. The contests shall be consecutive starting with the first scheduled event after the confirmation of the violation and will include post-season

contests. The student will also be required to participate in an approved Alcohol and Drug Education/Intervention Program (at the cost of the participant) beginning with an assessment from a certified chemical dependency counselor; then following the counselor's recommendations not to exceed five (5) weeks. The student must successfully complete the counseling program or else she/he will be deemed in violation of the code of conduct and will be ineligible to participate in any athletic program until the program has been completed. Parents are encouraged to attend counseling sessions with their child. If the athlete does not complete the counseling recommendations within 6-11-week range then they will not be eligible for the next sport they participate in.

\*Suspension from an athletic activity under this section does not render the participant ineligible for tryouts and auditions for future athletic activities.

\*After a violation of this Code is charged, but pending appeal to the Review Panel, a participant may NOT participate in athletic activities.

## **B) SECOND OFFENSE**

1) Upon the second violation the student shall lose eligibility for a number of games equal to 40% of the maximum allowable contests (as defined by the OHSA), provided the participant admits to the Code violation upon questioning by the athletic director. The athlete must report to practice during this time. The contests shall be consecutive starting with the first scheduled event after the confirmation of the violation and will include post-season contests. The student will also be required to participate in an approved Alcohol and Drug Education/Intervention Program (at the cost of the participant) beginning with an assessment from a certified chemical dependency counselor; then following the counselor's recommendations not to exceed five (5) weeks. The student must successfully complete the counseling program or else she/he will be deemed in violation of the code of conduct and will be ineligible to participate in any athletic program until the program has been completed. Parents are encouraged to attend counseling sessions with their child. If the athlete does not complete the counseling recommendations within 6-11-week range then they will not be eligible for the next sport they participate in.

2) Upon the second violation the student shall lose eligibility for a number of games equal to 60% of the maximum allowable contests (as defined by the OHSA), if the student, upon questioning by the athletic director, denies violating the Code of Conduct and is found to have violated the Code of Conduct by the review board. The athlete must report to practice during this time. The contests shall be consecutive starting with the first scheduled event after the confirmation of the violation and will include post-season contests. The student will also be required to participate in an approved Alcohol and Drug Education/Intervention Program (at the cost of the participant) beginning with an assessment from a certified chemical dependency counselor; then following the counselor's recommendations not to exceed five (5) weeks. The student must successfully complete the counseling program or else she/he will be deemed in violation of the code of conduct and will be ineligible to participate in any athletic program until the program has been completed. Parents are encouraged to attend counseling sessions with their child. If the athlete does not complete the counseling recommendations within 6-11 week range then they will not be eligible for the next sport they participate in.

\*\*\*If the Second Violation occurs within three hundred sixty-five (365) days of the First Violation, there will be no reduction in penalty for honesty. The punishment will be the maximum allowed under Second Offense, which is 60% of the maximum allowable contests (as defined by the OHSAA) as well as post season contests.

### **C) THIRD OFFENSE**

1) A third violation of this Code of Conduct will automatically result in permanent exclusion from all athletic activities offered by Greenville Schools. Violations are accumulative throughout the student's secondary school career (grades 9-12) and middle school career (7-8). But do not carry over from middle school to high school. Denial of participation will be enforced during a sport or season in which the athlete has previous participated and successfully completed the entire season. The Review Panel may choose to waive this provision on a case by case basis. This provision does not apply to Freshman, as they have not established their history of participation.

\*When calculating the number of contests denied, the number of maximum allowable contests are multiplied by the percentage associated with the level of offense. Any partial games (decimal values) are rounded using conventional and accepted mathematical practices.

\*Cheerleading is not a recognized sport by the OHSAA. The number of contests denied will be determined by multiplying the number of scheduled contests by the percentage associated with the level of offense. Contests will include both competitions and games.

## **QUITTING OR DENIAL OF PARTICIPATION.**

Denial of participation will be in a sport in which the athlete previously or currently participated and successfully completed the entire season. If this is not possible, the Athletic Director or Review Panel will make the decision as to which sport the athlete will be denied participation. If an athlete participating in "Sport A" either quits the squad or is denied participation for the squad, he/she is not eligible to join the organized conditioning program or go out for "Sport B" until the other members of "Sport A" are eligible to come out.

A. The organized conditioning program is defined as the conditioning period just prior to the sport season as defined by the OHSAA. Open gyms and open weight rooms are not considered as an organized conditioning program.

B. This policy also applies to the participant who becomes academically ineligible for "Sport A."

C. This policy does not apply to the athlete who is "cut" from the squad by the coach following a tryout.

D. Any exceptions to this policy must be approved by the coach of "Sport A" and the athletic director.

## **DISAGREEMENT BETWEEN PARTICIPANT AND COACH**

Any disagreement between a participant and coach should be brought to the immediate attention of the athletic director. If this does not resolve the problem, it will then be taken to the building principal or his/her designee. Any further disagreements will then be subject to the review panel.

## **TWO SPORT ATHLETES**

Any participant who wishes to participate in two sports during the same season needs to have permission from both Head Coaches and Athletic Director. If permission is granted, a detailed plan will need to be created describing how practice, contest and transportation conflicts will be resolved. This includes designating a primary sport in case of conflict between contests. This plan will be signed by the coaches, Athletic Director, parents and athlete.

## **SUSPENSION**

Students enrolled in athletic activities who are under "out-of-school suspension" may not participate in practices, contests, performances, meetings, field trips, etc., sponsored by the athletic activity. Students serving "in-school-suspension" are eligible to participate in practices and contests.

## **SUPERVISION AND TRANSPORTION**

All participants will be under the direct supervision of the coach or administrative head to and from all contests. When the school provides transportation, all student-athletes will travel to and from the scheduled event on school transportation. Athletic participants can be released only by their coach to their parents or legal guardian in an emergency or unusual circumstance or if prior arrangements have been approved by the athletic director or principal and is presented to the coach in writing.

Athletic participants and their parents are financially responsible for all district owned equipment or uniforms issued to the students. A late/damage fee will be assessed for any equipment/uniforms not returned by the due date or returned damaged. The fee for turning in equipment more than (7) seven days after the athlete has completed participation will be twenty dollars (\$20). An additional fee will be assessed every (7) seven days until school issued equipment/uniforms are returned or replacement cost is paid. The fee for damaged equipment will be equivalent to the cost for replacement or repair of the damaged item(s).

## **AWARDS**

- A. Awards will be presented to each participant at end of season awards or at the conclusion of the school year. Participants are required to attend the awards presentation unless excused by the head coach or athletic director. The head coach will notify the administrator conducting the awards presentation.
- B. Unexcused absences from the awards presentation will result in all awards being held to the end of the school year at which time the participant may request their awards from the administrator conducting the awards presentation.

## **INCLEMENT WEATHER**

When school is canceled due to inclement weather, all school events/activities/practices will also be suspended. If the weather conditions improve, these events/activities/practices may be rescheduled with the permission of the Superintendent of Schools and the Principal only. The attendance of athletic participants at any rescheduled event/activity/practice will be at the option of the athletic participant/parent.

## **VACATIONS**

Student-athletes missing events/activities/practices due to vacations with parents/legal guardians will be considered excused absences during regularly scheduled school vacation periods only.

## **ABSENCES**

An athletics participant must be in attendance a minimum of 4 complete classes excluding lunch, and any periods missed must be missed due to an excused absence. Any non-emergency, unusual circumstance that would prevent the athletics participant from meeting the minimum attendance requirement must have prior approval from the Athletic Director or Principal.

## **PHYSICAL EXAM POLICY**
