

ANNOUNCEMENTS 2/29/24: Happy Leap day! A leap year takes place roughly every four years, when an extra day is added to the Gregorian calendar, making the total duration of that year 366, not 365, days. The extra day is added at the end of the month of February. Feb. 29 is known as leap day.

- **The word of the week is Chronology:** the science that deals with measuring time by regular divisions and that assigns to events their proper dates.
- **Meet the WAVE WAY expectations at special activities:** "Kind hearts are the gardens, kind thoughts are the roots, kind words are the blossoms, kind deeds are the fruits." –Henry Wadsworth Longfellow
- **Be the Change:** "Our greatest glory comes not from never failing, but rising every time we fall." – Confucius
- If students wear shirts/sweaters that fall off the shoulder, they should wear a t-shirt or tank top underneath with a three-finger width (which is what the dress code requires).
