Message from the Teacher

Playing board games and card games are a great way to build vocabulary and enhance math skills. Consider adding game night to your weekly routine!

Important Dates Coming up

March 4th-8th Read Across America Week

March 15th Young Men's Dance

April 13th at 7:00 Spring Musical

April 30 Young Ladies' Dance

What Are We Learning?

Math -

Students have been working on Measurement. We continue to review 1 and 2 digit subtraction. Please work with your child at home on basic subtraction facts.

Reading –

Children have been learning to identify the main idea and supporting details of nonfiction texts. We also continue to work on reading passages and answering questions.

Writing -

We are analyzing nonfiction writing. We are working as a class to write a nonfiction book about polar bears. Soon students will be researching a chosen topic and writing their own nonfiction books.

How Can I Help My Child Succeed in School?

Students should practice spelling words at least 4 times each week as part of their weekly homework.
