### **NONDISCRIMINATION ON THE BASIS OF DISABILITY**

The Board maintains that discrimination against a qualified disabled person solely on the basis of disability is unfair. To the extent possible, qualified disabled persons should be in the mainstream of life in a school community. In addition, the District is the recipient of Federal funds and therefore must be in compliance with all laws and regulations which deal with disabled individuals.

Accordingly, employees of the District comply with the law and Board policy to ensure nondiscrimination on the basis of disability. The following is expected.

1. No one discriminates against qualified disabled persons in any aspect of school employment solely on the basis of disability.
2. Facilities, programs and activities are made available to qualified disabled persons.
3. Free, appropriate public education at elementary and secondary levels, including nonacademic and extracurricular services and activities, are provided to qualified disabled persons.
4. No one excludes any qualified disabled person, solely on the basis of disability, from participation in any preschool education, day care, adult education or vocational education program.
5. Each qualified disabled person is provided with the same health, welfare and other social services which are provided to others.

[Adoption date: July 9, 1997]

**SECTION 504 PROCEDURES**

1. **BUILDING SECTION 504 TEAM** -- The Section 504 building team will be composed of individuals knowledgeable about the student. This may include: the building RTI team, parents, community personnel, principal, counselor, school nurse, teacher, intervention specialist, school psychologist, and others who can make a meaningful contribution to the discussion of eligibility and the provision of appropriate services.
2. **IDENTIFICATION AND REFERRAL PROCEDURES** -- Students who are in need of or believed to be in need of special accommodations, related services or programs under Section 504 may be referred for evaluation by parents/guardians, teachers, other certified school employees, community agencies, or self.

When a concern arises regarding a student's eligibility under Section 504 (i.e. the student has a physical or mental impairment that substantially limits a major life activity), a Section 504: Referral is submitted to the Section 504 building representative along with relevant documentation for review. The Section 504 building-level team for the student will consider the referral and based upon a review of the student's existing records determine the appropriate assessments and/or evaluations needed.

NOTIFICATION -- The building principal will send to the parents/guardians the Section 504: Prior Written Notice, Notice Regarding Section 504 of the Rehabilitation Act of 1973 (GCS 504-03), Section 504: Parent Consent, and Section 504: Release of Information and Records.

3. **EVALUATION** -- The building-level 504 team will collect relevant information from a variety of sources (i.e. medical information, school history, report cards, disciplinary records, observations, checklists, rating scales, individual or group achievement tests, assessments, information from parents, teachers, and staff, etc.) to assist in documenting whether the child:
  - has a mental or physical impairment; and
  - the mental or physical impairment substantially limits one or more major life activities.

The District must ensure:

- a. Tests and other evaluation materials have been validated for the specific purpose for which they are used and are appropriately administered by trained personnel.
- b. Tests and other evaluation materials include those tailored to evaluate the specific areas of educational need and not merely those designed to provide a single intelligence quotient.

Greenville City Schools  
215 W. Fourth Street  
Greenville, Ohio 45331

- c. Tests are selected and administered to best ensure the results accurately reflect the student's achievement, aptitude, or other factor being measured rather than the student's disability (except where those are the factors being measured).

In interpreting the evaluation data and in making educational decisions, the District shall:

- a. Draw upon information from a variety of sources, including achievement and aptitude tests, teacher recommendations, physical condition, social, or cultural background and adaptive behavior.
  - b. Ensure all evaluation data is documented and carefully considered.
  - c. Ensure decisions are made by a group of people, including those knowledgeable about the child, the meaning of evaluation data, and placement options.
4. **ELIGIBILITY DETERMINATION** -- Following the completion of information collection and/or requested evaluation(s), the building-level 504 team will convene to review the collected information and determine eligibility. The Section 504: Evaluation will be completed.

Prior to any meeting of the building-level 504 team regarding their child, the student's parents/guardians will be provided with the Section 504: Parent Invitation. No final eligibility determination will be made by the District without first inviting the parents or guardians to participate in a meeting concerning such a determination. Notice Regarding Section 504 of the Rehabilitation Act of 1973 (GCS 504-03) will be provided to the parent.

5. **STUDENT ACCOMMODATION PLAN** -- If the student is eligible under Section 504 as a student with a disability, the building-level 504 team and parents will develop the Section 504: Plan.

The plan will include a description of the student's disability and reasonable accommodations, modifications, interventions, services, or aids. The plan should also specify how the accommodations will be provided and by whom.

**DISTRICT AND STATEWIDE TESTING** -- Allowable accommodations according to the Ohio Accessibility Manual may be provided on Ohio State Tests, End-of-Course Exams, and WebXams based on the demonstrated need of the student eligible under Section 504. These accommodations must be documented on the student's 504 Plan.

Greenville City Schools  
215 W. Fourth Street  
Greenville, Ohio 45331

The 504 Plan should include parent/guardian and team member signatures. If the parents/guardians are not present at the meeting, the parents'/guardians' signatures are required prior to the implementation of the initial 504 Plan.

A copy of the 504 Plan will be provided to parents/guardians. A copy will be kept in the student's building file. The original will be filed with the Special Services Department.

6. PLACEMENT -- For students who have been identified having a disability under Section 504, the District shall determine what special services are needed to ensure the student receives a free, appropriate public education (FAPE). Students who are eligible for services under Section 504 will be educated, to the maximum extent appropriate, with students who are not disabled.
7. ANNUAL REVIEW -- The student's 504 Plan will be reviewed at least annually by the building-level 504 team and parents/guardians to determine continued needs or accommodations. The 504 Plan can be reviewed at any time if concerns develop as to the appropriateness of the accommodations, modifications, interventions, services, or aids being provided to the student. This can be initiated by staff or parents/guardians.
8. REEVALUATION – For students identified with a disability under Section 504, periodic reevaluation is required.
  - a. A reevaluation will be completed at least every three years unless the district and parents agree reevaluation is unnecessary. If reevaluation is determined to be unnecessary, a Section 504: Prior Written Notice must be sent to parents/guardians and on file indicating the decision.
  - b. A reevaluation will be conducted prior to any significant change in placement.
  - c. A reevaluation will be completed when requested by a student's parents or teacher.
  - d. When a reevaluation is needed, parents notified as indicated in Section 2. Evaluations will be completed consistent with Sections 3, 4, and 5.
9. PROCEDURAL SAFEGUARDS -- The parents/guardians will be notified in writing of any district decision concerning the identification, evaluation, or educational placement of the student. As to such decisions by the District, the parents/guardians shall have the right to file a grievance and/or request an impartial hearing (see grievance procedures for more information).
10. DISCIPLINE -- A Manifestation Determination Review will occur for a student identified with a disability under Section 504 when:
  - a disciplinary removal of more than ten (10) consecutive school days is considered or a pattern of short-term removals that accumulate to more than ten (10) school days in a year may incur.

Greenville City Schools  
215 W. Fourth Street  
Greenville, Ohio 45331

In order to determine if the behavior resulting in disciplinary action was caused by, or had a direct and substantial relationship to the child's disability, relevant members of the student's 504 team and other qualified personnel must conduct a Manifestation Determination Review. The District Section 504 Coordinator must be included in the Manifestation Determination Review. The Section 504: Manifestation Determination Review will be completed. If the behavior is a manifestation of the child's disability, the 504 team will meet to either:

- conduct a Functional Behavior Assessment and implement a Behavior Intervention Plan; or
- review the existing FBA and BIP and modify as needed to address the behavior.
