JANUARY 2024

MATH	SCIENCE	SOCIAL STUDIES
<p>It's hard to believe - but we will be finishing up quarter 2 on Friday, January 12! We have been working on solving addition facts (with sums between 0 and 20) and committing them to memory. We have also been studying time to the hour and half-hour. The students have done a GREAT job with this!</p> 	<p>We will spend some time this month studying the many forms of water on our earth.</p>  <p>LIGHT PROJECT</p> <p>WOW! We have had students collect ALL kinds of prizes for the LIGHT Project!! Keep up the great work. (Magic Rocks are the first prize - when you reach 5 stars!!) Remember to try and keep the books for no longer than a week. I understand things come up and families get busy. If you need to keep it longer, it's ok. Just remember we have other students waiting to check out these books.</p> <p>*Reminder: You can go at your own pace. It's ok to make a goal of 10 instead of 50. Every little bit counts. :)</p>	<p>First graders will be learning about landforms and bodies of water this month. We will also continue to study maps.</p> <p>Greenville Elementary has a character focus for each month. In January, our focus is on being <u>peaceful</u>.</p>
<p>IMPORTANT DATES</p> <p>January 12 - End of Quarter 2 January 15 and 16 - No School (MLK Day & Teacher workday) January 29 - No School (Waiver Day)</p>
