## What Are We Learning?

### Math -

Students continue working on 1-digit and 2-digit subtraction. They are also working on solving math story problems.

### Reading –

Children have been working on becoming more independent as they read and answer questions. We continue to focus on the plot and theme of stories, as well as main ideas and supporting details of nonfiction.

### Writing -

Students are learning parts of speech, such as verb and noun. They are focused on writing complete sentences that make sense.

## How Can I Help My Child Succeed in School?

Help your child with his/her homework every night, if needed. Remind your child to read and write about what they are reading.
