## We Are Learning!

### Math -

Students continue to work on math story problems. We are also working on addition strategies and 2-digit addition. Consider flash cards to help your child at home.

### Reading –

Children are reading at their level in guided reading groups. They need to be reading at least 15 minutes 4 times a week and completing their reading log to turn in on Friday. We are also practicing answering questions about the stories we read.

### Spelling -

We continue to learn phonics skills to help us with our reading and writing. On Fridays (or the following Monday), you should see their spelling tests come home. We work on a skill in the room for a week and students are assessed on it at the end of the week. We also work on spelling high frequency words.

## How Can I Help My Child Succeed in School?
