Dear Educators and Parents:

On July 1, 2008, the *Operating Standards for Ohio Educational Agencies Serving Children with Disabilities* became effective. These operating standards were revised to align with the requirements of the Individuals with Disabilities Education Improvement Act of 2004 and the goals of the No Child Left Behind Act of 2001. They also reflect input and support from various stakeholders in Ohio who contributed to the rule-making process.

To better serve students with disabilities, these new standards emphasize:

- High expectations and support;
- Intervening services provided as early as possible;
- Evaluation of research-based interventions;
- Highly qualified teachers;
- Flexibility in requirements for reevaluating student progress and needs;
- Instruction in the general curriculum, presented in settings with nondisabled peers as much as possible;
- Goals and services for transition into life after high school; and
- Equal participation in education and school activities for those in nonpublic schools.

The operating standards provide a framework to ensure that all children receive a quality education tailored to their unique needs. Your efforts in adhering to the standards will help more students achieve success at school and throughout life.

Thank you for your dedication to Ohio's students.

Susan Tave Zelman
Superintendent of Public Instruction

SUBJECT: State-Imposed Rules, Regulations, and Policies Not Required by IDEA 2004 or Federal Regulations

**LIST OF STATE-IMPOSED RULES, REGULATIONS, AND POLICIES NOT
REQUIRED BY PART B OF IDEA 2004 OR PART B FEDERAL REGULATIONS**

As required by 20 U.S.C. 1407 and 34 C.F.R. § 300.199, the Ohio Department of Education is identifying in writing to local educational agencies and the United States Department of Education the state-imposed special education rules, regulations, and policies adopted by the State Board of Education that are not required by Part B of the Individuals with Disabilities Education Improvement Act of 2004 (IDEA) or by Part B federal regulations.

Effective July 1, 2008, the State Board of Education adopted new Rules 3301-51-01 to 3301-51-09 and 3301-51-11 of the Administrative Code. These rules replace former Rules 3301-51-01 to 3301-51-09 and 3301-51-11 of the Administrative Code which were rescinded effective July 1, 2008. These rules are referred to as the *Operating Standards for Ohio Educational Agencies Serving Children with Disabilities*.

The updated rules include the state requirements listed below and the federal Part B IDEA requirements that apply to the provision of special education and related services to children with disabilities by school districts, county boards of mental retardation and developmental disabilities, and other educational agencies. "Other educational agency" means a joint vocational school district; department; division; bureau; office; institution; board; commission; committee; authority; or other state or local agency, other than a school district or an agency administered by the Department of Mental Retardation and Developmental Disabilities, that provides or seeks to provide special education or related services to children with disabilities.

This document summarizes the state-imposed rule requirements but does not identify the rule requirements that are based on the federal Part B IDEA requirements. For the complete text of the rules, refer to the *Operating Standards for Ohio Educational Agencies Serving Children with Disabilities*.

Rule 3301-51-01 Definitions

- *School district of residence*: The child’s school district of residence is responsible, in all instances, for ensuring that the requirements for making a free appropriate public education (FAPE) available are met for every eligible child in its jurisdiction, regardless of whether services are provided by another school district or other entity. [(A)(2)(a)]
- “*Child with a disability*” is defined to include children aged three through five years who are experiencing developmental delays (as the term is defined in Rule 3301-51-11 and as measured by appropriate diagnostic instruments and procedures); and who, by reason thereof, need special education and related services. This election to include children ages three through five years has been made as authorized by 34 C.F.R. § 300.8(b). [(B)(10)(c)]
- “*Definitions of disability terms*”: “Traumatic brain injury” is defined to include an acquired injury to the brain caused by other medical conditions besides an external physical force, including but not limited to, stroke, anoxia, infectious disease, aneurysm, brain tumors, and neurological insults resulting from medical or surgical treatments. [(B)(10)(d)(xii)]
- “*Parent*” is defined to exclude a foster parent of a child as authorized by 34 C.F.R. § 300.30(a)(2). [(B)(42)]
- “*Referral*” is defined to mean the date the public school district or community school receives a parent’s, school district’s, or other educational agency’s request for an initial evaluation or reevaluation. [(B)(51)]
- “*Special education*” is defined so that any other related service is included in the definition of special education if the individualized education program (IEP) team considers the service special education rather than a related service under state standards and if the service otherwise meets the requirements for specially designed instruction. This election to include any other related service in the definition of special education has been made as authorized by 34 C.F.R. § 300.8(a)(2)(ii) [(B)(58)]
- “*Transition services*” is defined to require that transition services shall be provided by individuals who have the competencies, experiences, and training required to meet the individual student’s transition services needs, and may include job training coordinators, vocational special education coordinators, career assessment specialists, work-study coordinators or other qualified individuals. [(B)(63)]

Rule 3301-51-02 Free Appropriate Public Education

- *Extended School Year Services*: Additionally, the school district shall consider the following when determining if extended school year services (ESY) should be provided:
 - Whether ESY services are necessary to prevent significant regression of skills or knowledge retained by the child so as to seriously impede the child’s progress toward the child’ educational goals; and

- Whether extended school year services are necessary to avoid something more than adequately recoupable regression. [(G)]
[The above language is the language used by the United States Court of Appeals, Sixth Circuit, in interpreting the federal extended school year requirements. Although the Sixth Circuit decisions were issued prior to IDEA 2004 and the 2006 federal IDEA regulations, the October 13, 2006 ESY regulation carried over unchanged the March 12, 1999 ESY regulation.]

Rule 3301-51-03 Child Find

- *Developmental Delay:* The Ohio Department of Education has adopted a definition of developmental delay, as authorized by 34 C.F.R. § 300.111(b), but a school district is not required to adopt and use the term for any children within its jurisdiction. If a school district uses the term developmental delay, the school district must conform to both the state's definition of that term in Rule 3301-51-11 and to the age range of three through five years of age which is the age-range subset adopted by the Ohio Department of Education. [(B)(2)]

Rule 3301-51-04 Confidentiality

- *Disciplinary Information:* A school district, county board of mental retardation/developmental disabilities (county board of MR/DD, and other educational agency shall include in the records of a child with a disability a statement of any current or previous disciplinary action that has been taken against the child and transmit the statement to the same extent that the disciplinary information is included in, and transmitted with, the student records of nondisabled children. When a child transfers from one school, county board of MR/DD, or other educational agency to another, the transmission of any of the child's records must include both the child's current IEP and any statement of current or previous disciplinary action that has been taken against the child. [(Q); 34 C.F.R. § 99.36]

Rule 3301-51-05 Procedural Safeguards

- *Change of Placement:* A change of placement means a change from one option on the continuum of alternative placements to another. Informed parental consent must be obtained before making a change of placement of a child with a disability unless the district of residence can demonstrate that it made reasonable efforts to obtain consent and the parent has failed to respond or the change of placement is the result of a disciplinary action. [(D)(4)(a)-(c)(ii)]
- *Surrogate Parents:* A surrogate parent shall be assigned as soon as possible (but, per the federal regulation, no later than 30 days of the date that it is determined that the child needs a surrogate parent).[(E)(4)(a)] The school district of residence maintains the ultimate responsibility for the assignment of a surrogate parent.[(E) (4)(b)] All surrogate parents must have successfully completed the training prescribed by the Ohio Department of Education prior to acting on behalf of the child.[(E)(3)] and (4)(c)(iv)] Pursuant to Revised Code Section 3323.051, neither the surrogate parent nor the authority that assigned the surrogate parent shall be liable in civil damages for acts of the surrogate parent unless such acts

constitute willful or wanton misconduct. [(E)(6)] A child who has reached the age of majority may request a surrogate parent. [(E)(8)]

- *Additional Prior Written Notice Requirements:* Prior written notice shall be provided to the parents of a child with a suspected or confirmed disability within thirty days of the date of referral. Prior written notice shall be provided to the parents of a child with a suspected or confirmed disability prior to a change of placement that is a result of a disciplinary action. The IEP shall serve as written notice unless the parent disagrees with the IEP. If the parent disagrees, written notice shall be provided prior to the implementation of the IEP. [(H)(4)]
- *Administrative Reviews:* The child's parent or educational agency other than the school district may request an opportunity to present complaints to the superintendent. Administrative reviews are recommended but cannot be used to delay or deny an impartial due process hearing that has been requested in writing or to deny any other rights afforded to parents under IDEA. [(K)(1)]
- *Mediation:* If the mediation requires changes in the IEP, the IEP team shall be convened to incorporate changes into the IEP within twenty school days following the mediation agreement or as agreed to in the mediation agreement. No part of the mediation discussion or sessions may be electronically recorded. [(K)(3)(b)(ix) and (x)]
- *Sufficiency of Due Process Complaint:* If the hearing officer receives a notification challenging the sufficiency of a due process complaint, the hearing officer shall make a determination within the five-day period specified in the federal regulation and shall notify all parties in writing of that determination on the same date the determination is made. If the hearing officer determines that the complaint is insufficient, the determination shall include the reasons for the determination, a statement in clear language that the case has not been dismissed, and a notice of resources to assist parents without counsel in completing due process complaints and in correcting deficiencies. [(K)(8)(e)(iii)(b) and (c)]
- *Resolution Sessions:* As required by Revised Code Section 3323.05(G)(2), discussions that occur during a resolution session shall be confidential and shall not be used as evidence in any subsequent due process hearing or civil proceeding. [(K)(9)(a)(iii) and (d)(i)]
- *Due Process Hearing Officer:*
 - A due process hearing officer must be an attorney licensed to practice law in Ohio who has successfully completed all training required by the Ohio Department of Education. [(K)(10)(c)(i)(e)]
 - The Ohio Department of Education may require any and all current hearing or state level review officers to reapply for eligibility to remain on the list of persons who serve as hearing officers. [(K)(10)(c)(iv)]
 - Training sessions are a mandatory requirement to remain eligible for appointments. [(K)(10)(c)(iv)]
 - Being on the list of possible hearing or state level review officers should not be considered a guarantee or expectation of appointment. [(K)(10)(c)(iv)]
 - The due process hearing officer is responsible for notifying all parties of the date, time, and location of the hearing; arranging a disclosure conference; issuing a subpoena when

relevant; ruling on procedural issues; and arriving at a written decision based solely on evidence and testimony presented at the hearing and mailing the decision. [(K)(12)]

○ *Appeal of Due Process Decision:*

- As specified in Revised Code Section 3323.05(H), any party aggrieved by the findings and decision in the hearing may appeal the findings and decision in writing to the Ohio Department of Education within forty-five days of receipt of the hearing decision, and the department shall appoint a state level review officer who will conduct the review. [(K)(14)(b)]

- Any party aggrieved by the findings and decision of the state level review officer may appeal the final order by filing a civil action within forty-five days of notification of the decision in the common pleas court of the county of the child's district of residence as provided by Revised Code Section 3323.05(H) (or within 90 days from the date of the decision in the district court of the United States as provided in the federal regulation, 34 C.F.R. § 300.516). [(K)(17)(b)]

○ *Cost of Hearing:* Subject to certain stated exceptions, most costs incurred in a hearing requested by the parent, including the cost of the hearing officer, shall be assumed by the school district of the child's residence. If another public agency providing services to the child requests a hearing, that agency and the school district of residence will share the hearing costs, subject to the stated exceptions. The Ohio Department of Education compensates state level review officers. Hearing officers and state level review officers are paid as specified in the rule. [(K)(16)]

○ *Functional Behavioral Assessment:* A ten-day requirement is added. If the conduct was a manifestation of the child's disability, the IEP team must either:

- Start to conduct a functional behavioral assessment within ten days of the manifestation determination and complete the assessment as soon as practicable, unless the school district had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; or
- If a behavioral intervention plan already has been developed, within ten days of the manifestation determination, review the behavioral intervention plan and the implementation of the plan, and modify it, as necessary, to address the behavior subject to disciplinary action (and return the child to the placement from which the child was removed except as otherwise provided). [(K)(20)(f)(i)]

○ *Procedures for Expedited Due Process Hearings:* As authorized by 34 CFR 300.532(c)(4), the Ohio Department of Education has established procedures for expedited due process hearings. Time frames are established for the district to notify the department of an expedited request, for the district to notify the parents if the district is requesting the hearing, and for the department to appoint a hearing officer. The hearing officer and state level review officer shall not grant any extensions of time. [(K)(22)(d)]

Rule 3301-51-06 Evaluations

- *Interventions:* Each school district shall provide interventions to resolve concerns for any preschool or school-age child who is performing below grade-level standards. A school district may not use interventions to delay unnecessarily a child's being evaluated to determine eligibility for special education services. If such interventions have not been implemented prior to referral for evaluation, appropriate interventions should be implemented during the same sixty-day time frame during which the school district conducts a full and individual evaluation. [(A)(2)-(4)]
- *Request for Evaluation:* A school district will, within thirty days of receipt of a request for an evaluation, either obtain parental consent for an initial evaluation or provide to the parents prior written notice stating that the school district does not suspect a disability and will not be conducting an evaluation. [(B)(3)]
- *Reevaluation:* In addition to the times when the child must be reevaluated under the federal regulation at 34 C.F.R. § 300.303, the child must be reevaluated when a child transitions from preschool to school-age services; and in order to make a change in disability category. [(D)(1)(c) and (d)]
- *Evaluation Procedures:* Medical consultation shall be encouraged for a preschool or school-age child on a continuing basis. For preschool children, as appropriate, the evaluation shall include listed specialized assessments. [(E)(3)(h) and (i)]
- *Evaluation Plan and Evaluation Team Report:* As part of an initial evaluation, if appropriate, and as part of any reevaluation, the evaluation team shall develop an evaluation plan that will provide for the evaluation or reevaluation and will be summarized in an evaluation team report. [(F)(1)]
- *Review of Existing Evaluation Data:* The review of existing evaluation data on the child shall include data about the child's progress in the general curriculum or, for the preschool-age child, data pertaining to the child's growth and development, data from previous interventions, and any relevant trend data beyond the past twelve months, including the review of current and previous IEPs. [(F)(1)(a)(iv)-(vi)]
- *Written Evaluation Team Report:* The written evaluation team report shall include:
 - A summary of information obtained during the evaluation process; and
 - The names, titles, and signatures of each team member, including the parent, and an indication of whether or not they are in agreement with the eligibility determination. Any team member who is not in agreement with the team's determination of disability shall submit a statement of disagreement.The school district must provide a copy of the evaluation team report and the documentation of determination of eligibility or continued eligibility to the parents prior to the next IEP meeting and in no case later than fourteen days from the date of eligibility determination. [(G)(1)(b)]

- *Criteria for Determining Specific Learning Disability:* As required by federal regulation 34 C.F.R. § 300.307, the state has adopted in this rule criteria for determining whether a child has a specific learning disability. The criteria permit the use of a process based on the child's response to scientific, research-based intervention and the use of alternative research-based procedures and do not require the use of a severe discrepancy between intellectual ability and achievement. [(H)(1) and (3)(d)]
- *Additional Procedures for Identifying Children with Multiple Disabilities:* A group of qualified professionals and the parents of the child may determine the child has multiple disabilities if the child exhibits a combination of two or more areas of disability, except for a combination that includes a specific learning disability; and a severe or profound deficit in communication or adaptive behavior documented through the use of individually administered standardized instruments as specified in the rule. [(I)]
- *Additional Requirements for Identifying Children with Deafness or Hearing Impairment:* A group of qualified professionals and the parents of the child may determine the child has deafness or a hearing impairment if the child exhibits a hearing loss of specified decibels for specified frequencies, according to the guidelines referenced in the rule, which has an adverse effect and result as described in the rule. [(J)]

Rule 3301-51-07 Individualized Education Program (IEP)

- *Definition of Individualized Education Program (IEP):* The IEP must include a statement that discusses the child's future and a statement of measurable annual goals, including academic and functional goals and benchmarks or short-term objectives. Benchmarks or short-term objectives shall be included for all children with disabilities and not for only children with disabilities who take alternate assessments aligned to alternative achievement standards. [(H)(1)(a) and (c)]
- *Transition Services:* For each child with a disability, beginning at age fourteen (or younger, if determined appropriate by the IEP team), the IEP shall include a statement, updated annually, of the transition service needs of the child under the applicable components of the child's IEP that focuses on the child's courses of study (such as participation in advanced-placement courses or a vocational education program). [(H)(2)(a)]
- *Notice to Parent of IEP Meeting:* For a child with a disability, beginning not later than the first IEP to be in effect when the child turns fourteen, or younger if determined appropriate by the IEP team, the notice also must indicate that a purpose of the meeting will be the development of a statement of the transition services needs of the child; and indicate that the school district will invite the child. [(J)(2)(b)]
- *Parent Copy of Child's IEP:* Within thirty calendar days after the IEP meeting, the school district must give the parent a copy of the child's IEP at no cost to the parent. [(J)(6)]
- *Development of Initial IEP:* The initial IEP must be developed within whichever of the following time periods is the shortest:

- Within thirty calendar days of the determination that the child needs special education and related services;
 - Within ninety calendar days of receiving parental consent for an evaluation; or
 - Within one hundred twenty calendar days of the receipt of a request for an evaluation from a parent or school district. [(K)(2)(a)-(c)]
- *Development of IEP:* In developing each child’s IEP, the IEP team must consider the results of the child’s performance on any state or district-wide assessment programs, as appropriate. In the case of a child who is blind or visually impaired, the IEP team must ensure that the requirements for IEPs for children with visual impairments are implemented as provided in Revised Code Section 3323.011. [(L)(1)(a)(iv) and (b)(iii)(b)]
 - *Amendment of IEP:* If the IEP team amends or modifies the child’s current IEP, the annual review date for the amended or modified IEP does not change. The annual review date will change upon a complete review and revision of the child’s IEP. When an IEP is amended, the school district shall send a copy of the amended IEP to the parent within thirty days of the date the IEP was amended. [(L)(1)(f)]

Rule 3301-51-08 Parentally Placed Nonpublic School Children

- *Written Affirmation:* If a nonpublic school chooses not to participate, the parent may contact the school district in which the nonpublic school is located to request equitable services for the child. [(G)(2)]
- *Development of the Services Plan and Location of Services:* The school district where the nonpublic school is located convenes the services plan meeting, conference call, or video conference for each eligible child who will receive special education and related services. The school district where the nonpublic school is located is required to and is responsible for conducting a meeting, conference call, or video conference at least annually to review and revise, if appropriate, each child’s services plan. The school district where the nonpublic school is located will determine where services will be provided. [(J)(3)]

Rule 3301-51-09 Delivery of Services

- *Service Providers:* This rule addresses the role of preschool and school-age service providers; establishes service provider ratios for the delivery of services to children with disabilities; and specifies requirements for housing, facilities, materials, and equipment and supplies for preschool and school-age programs. [(G), (I), (J), and (K)]

Rule 3301-51-11 Preschool Special Education Requirements

[(B), (C), (E), (F), (G), and (H)]

- *Developmental Delay*: This rule includes a definition of the term “developmental delay” which the Ohio Department of Education has adopted as authorized by 34 C.F.R § 300.111(b) and specifies the conditions for using the term. [(C)(6)]

3301-51-01 Applicability of requirements and definitions.

(A) Applicability of requirements

The purpose of Chapter 3301-51 of the Administrative Code is to ensure that all children with disabilities residing in Ohio between the ages of three and twenty-one years, inclusive, including children with disabilities who have been suspended or expelled from school, have available to them a free appropriate public education (FAPE), as provided by Part B of the Individuals with Disabilities Education Act, as amended by the Individuals with Disabilities Education Improvement Act of 2004 (IDEA) at 20 U.S.C. 1400 (Public Law 108-446 of the 108th Congress, December 3, 2004), related federal regulations at 34 C.F.R. Part 300 (October 13, 2006), Chapter 3323. of the Revised Code, the provisions of this chapter of the Administrative Code, and applicable state policies, procedures, and guidelines issued by the superintendent of public instruction.

(1) The provisions of this chapter shall provide that:

- (a) Children with disabilities have available to them FAPE that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living; and**
- (b) The rights of children with disabilities and their parents are protected.**

(2) School district of residence

- (a) The child's school district of residence is responsible, in all instances, for ensuring that the requirements of paragraph (A) of this rule for making FAPE available are met for every eligible child in its jurisdiction, regardless of whether services are provided by another school district, other educational agency, juvenile justice facility, or other facility, agency, department, or entity unless Chapter 3323. of the Revised Code, or a rule adopted by the state board of education specifies that another school district, other educational agency, or other agency, department, or entity is responsible for ensuring compliance with Part B of the IDEA.**
- (b) Notwithstanding paragraph (A)(2)(a) of this rule, a school district of residence is not required to pay for the cost of education, including special education and related services, of a child with a disability at a nonpublic school or facility if that school district made FAPE available to the child, and the parents elected to place the child in a nonpublic school or facility. However, the school district must include the child in the population whose needs are addressed consistent with the requirements of rule 3301-51-08 of the Administrative Code**

(3) School district other than school district of residence

- (a) Each school district is responsible for serving a child with a disability who is living in its school district, even though the school district is not the child's school district of residence. The child's school district of residence retains responsibility for making FAPE available to the child.
- (b) "Serving a child with a disability" means educating the child which includes making special education and related services available to the child.
 - (i) The responsibility to serve a nonresident child with a disability living in the school district includes, but is not limited to, a child with a disability placed in a juvenile justice facility, institution, hospital, agency, department, home as defined in section 3313.64 of the Revised Code, or other facility or entity located in the school district.
 - (ii) The responsibility to serve a nonresident child with a disability does not apply to the school district in which the child is living if the child is already being served by another school district, a nonpublic school, county board of mental retardation and developmental disabilities (county board of MR/DD), other educational agency, a state or local agency or institution, or other provider, including an open enrollment school district, the Ohio department of youth services, or provider for the "Autism Scholarship Program" established by section 3310.41 of the Revised Code. However, if the child is placed in a nonpublic school in the school district, the school district must include the child in the population whose needs are addressed consistent with the requirements of rule 3301-51-08 of the Administrative Code.

(4) Funding for special education

No school district, county board of MR/DD, or other educational agency shall receive state or federal funds for special education and related services or provide special education and related services unless such special education and related services are provided in accordance with all applicable provisions of the IDEA and related federal regulations, Chapter 3323. of the Revised Code, this chapter of the Administrative Code, and related state policies, procedures, and guidelines issued by the superintendent of public instruction..

(5) Plan

Each school district, county board of MR/DD, or other educational agency, in providing for the education of children with disabilities within its jurisdiction,

must have in effect a plan, written policies and procedures, and programs that are consistent with the state's policies and procedures related to the implementation of Part B of the IDEA. The plan shall provide assurances to the superintendent of public instruction that the school district, county board of MR/DD, or other educational agency meets each of the applicable conditions in 34 C.F.R. 300.201 to 300.213 (October 13, 2006). Each school district's plan shall also meet the requirements of section 3323.08 of the Revised Code. Each school district, county board of MR/DD, or other educational agency shall submit its plan to the superintendent of public instruction as part of its comprehensive continuous improvement plan.

(6) Documentation and information

The superintendent of public instruction may require a state agency, school district, county board of MR/DD, or other educational agency to provide documentation that special education and related services for children with disabilities provided by the public agency are provided in compliance with the requirements specified in paragraph (A) of this rule.

- (a) A school district, county board of MR/DD, or other educational agency must provide the superintendent of public instruction with information necessary to enable the superintendent to carry out the state's duties under Part B of the IDEA, including, information relating to the performance of children with disabilities participating in programs carried out under Part B of the IDEA.
- (b) A school district, county board of MR/DD, or other educational agency must make available to parents of children with disabilities and to the general public all documents relating to the eligibility of the school district, county board of MR/DD, or other educational agency under Part B of the IDEA.
- (c) A school district, county board of MR/DD, or other educational agency must cooperate in the secretary's efforts under section 1308 of the Elementary and Secondary Education Act of 1965, as amended and specified in the No Child Left Behind Act of 2001, January 2002, 20 U.S.C. 6301 (ESEA) to ensure the linkage of records pertaining to migratory children with disabilities for the purpose of electronically exchanging, among the states, health, and educational information regarding those children.

(7) Ineligibility and opportunity for hearing

If the superintendent of public instruction determines that a state agency, school district, county board of MR/DD, or other educational agency is not eligible under

Part B of the IDEA for purposes of receiving assistance under Part B of the IDEA, the superintendent shall:

- (a) Notify the state agency, school district, county board of MR/DD, or other educational agency of that determination; and
 - (b) Provide the state agency, school district, county board of MR/DD, or other educational agency with reasonable notice and an opportunity for a hearing.
- (8) Effect of noncompliance on funding; notice to public

 - (b) If, consistent with the definition of special education in paragraph (B)(58) of this rule, the individualized education program (IEP) team considers the related service required by the child to be special education rather than a related service under state standards, the child would be determined to be a child with a disability under this rule.

The term applies to open or closed head injuries, as well as to other medical conditions that result in acquired brain injuries. The injuries result in impairments in one or more areas such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem-solving; sensory, perceptual, and motor abilities; psychosocial behavior; physical functions; information processing; and speech. The term does not apply to brain injuries that are congenital or degenerative, or to brain injuries induced by birth trauma. This definition replaces the definition of traumatic brain injury in 34 C.F.R. 300.8(c)(12) (October 13, 2006) and shall be used instead whenever the federal regulations at 34 C.F.R. (2) FAPE for children beginning at age three

Each school district must ensure that:

- (a) The obligation to make FAPE available to each eligible child for whom the school district is the child's school district of residence begins no later than the child's third birthday; and

- (b) The determination that a child described in paragraph (B)(1) of this rule is eligible under this chapter of the Administrative Code, must be made on an individual basis by the group responsible within the child's school district of residence for making eligibility determinations.

(C) Limitation: exception to FAPE for certain ages

- (2) Nothing in this rule relieves an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.
- (3) Consistent with rule 3301-51-07 of the Administrative Code, each school district must ensure that there is no delay in implementing a child's IEP, including any case in which the payment source for providing or paying for special education and related services to the child is being determined.

- (a) Each school district must ensure that extended school year services are available as necessary to provide FAPE, consistent with this rule.
- (b) Extended school year services must be provided only if a child's IEP team determines, on an individual basis, in accordance with rule 3301-51-07 of the Administrative Code, that the services are necessary for the provision of FAPE to the child. Additionally, the school district shall consider the following when determining if extended school year services should be provided:
 - (i) Whether extended school services are necessary to prevent significant regression of skills or knowledge retained by the child so as to seriously impede the child's progress toward the child's educational goals; and
 - (ii) Whether extended school years services are necessary to avoid something more than adequately recoupable regression.
- (c) In implementing the requirements of this rule, a school district shall not:

- (2) Nonacademic and extracurricular services and activities shall include counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the school district, referrals to agencies that provide assistance to individuals with disabilities, and employment of students, including both employment by the school district and assistance in making outside employment available.

(I) Physical education

(1) General

Physical education services, specially designed if necessary, must be made available to every child with a disability receiving FAPE, unless the school district enrolls children without disabilities and does not provide physical education to children without disabilities in the same grades.

(2) Regular physical education

Each child with a disability must be afforded the opportunity to participate in the regular physical education program available to nondisabled children unless:

- (a) The child is enrolled full time in a separate facility; or

that has been surgically implanted (or of an external component of the surgically implanted medical device).

(L) Placement of children by parents when FAPE is at issue

(1) General

This rule does not require a school district of residence to pay for the cost of education, including special education and related services, of a child with a disability at a nonpublic school or facility if that school district made FAPE available to the child and the parents elected to place the child in a nonpublic school or facility. However, the school district must include that child in the population whose needs are addressed consistent with rule 3301-51-08 of the Administrative Code.

(2) Disagreements about FAPE

Disagreements between the parents and a school district of residence regarding the availability of a program appropriate for the child, and the question of financial reimbursement, are subject to the due process procedures in rule 3301-51-05 of the Administrative Code.

(3) Reimbursement for nonpublic school placement

If the parents of a child with a disability, who previously received special education and related services under the authority of the school district of residence, enroll the child in a nonpublic preschool, elementary school, or secondary school without the consent of or referral by the school district of residence, a court or a hearing officer may require the school district of residence to reimburse the parents for the cost of that enrollment if the court or hearing officer finds that the school district of residence had not made FAPE available to the child in a timely manner prior to that enrollment and that the private placement is appropriate. A parental placement may be found to be appropriate by a hearing officer or a court even if it does not meet the state standards in this chapter of the Administrative Code that apply to education provided by the school districts.

(4) Limitation on reimbursement

The cost of reimbursement described in paragraph (L)(3) of this rule may be reduced or denied:

(a) If:

- (i) At the most recent IEP team meeting that the parents attended prior to removal of the child from the public school, the parents did not

inform the IEP team that they were rejecting the placement proposed by the school district of residence to provide FAPE to their child, including stating their concerns and their intent to enroll their child in a nonpublic school at public expense; or

(ii) At least ten business days (including any holidays that occur on a business day) prior to the removal of the child from the public school, the parents did not give written notice to the school district of residence of the information described in paragraph (L)(4)(a)(i) of this rule; or

(b) If prior to the parents' removal of the child from the public school, the school district of residence informed the parents, through the notice requirements described in rule 3301-51-05 of the Administrative Code, of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the child available for the evaluation; or

(c) Upon a judicial finding of unreasonableness with respect to actions taken by the parents.

(5) Exception

Notwithstanding the notice requirement in paragraph (L)(4)(a) of this rule, the cost of reimbursement:

(a) Must not be reduced or denied for failure to provide the notice if:

(i) The school prevented the parents from providing the notice;

(ii) The parents had not received notice, pursuant to rule 3301-51-05 of the Administrative Code, of the notice requirement in paragraph (L)(4)(a) of this rule; or

(iii) Compliance with paragraph (L)(4)(a) of this rule would likely result in physical harm to the child.

(b) May, in the discretion of the court or a hearing officer, not be reduced or denied for failure to provide this notice if:

(i) The parents are not literate or cannot write in English; or

(ii) Compliance with paragraph (L)(4)(a) of this rule would likely result in serious emotional harm to the child.

- (c) The following terms are defined as they are used in this rule:
 - (i) "Independent educational evaluation" means an evaluation conducted by a qualified examiner who is not employed by the school district responsible for the education of the child in question; and
 - (ii) "Public expense" means that the school district of residence either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parent, consistent with rule 3301-51-02 of the Administrative Code.

(2) Parent right to evaluation at public expense

- (a) A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation obtained by the school district of residence, subject to the conditions in paragraphs (G)(2)(b) to (G)(2)(d) of this rule.
 - (b) If a parent requests an independent educational evaluation at public expense, the school district of residence must, without unnecessary delay, either:
 - (i) File a due process complaint to request a hearing to show that its evaluation is appropriate; or
 - (ii) Ensure that an independent educational evaluation is provided at public expense, unless the school district of residence demonstrates in a hearing pursuant to paragraphs (K)(2) and (K)(7) to (K)(13) of this rule that the evaluation obtained by the parent did not meet district criteria.
 - (c) If the school district files a due process complaint notice to request a hearing and the final decision is that the school district's evaluation is appropriate, the parent still has the right to an independent educational evaluation, but not at public expense.
 - (d) If a parent requests an independent educational evaluation, the school district of residence may ask for the parent's reason why the parent objects to the public evaluation. However, the school district may not require the parent to provide an explanation and may not unreasonably delay either providing the independent educational evaluation at public expense or filing a due process complaint to request a due process hearing to defend the public evaluation.
 - (e) A parent is entitled to only one independent educational evaluation at public expense each time the school district conducts an evaluation with which the parent disagrees.
- (3) Parent-initiated evaluations

If the parent obtains an independent educational evaluation at public expense or shares with the school district an evaluation obtained at private expense, the results of the evaluation:

- (a) Must be considered by the school district of residence, if it meets district criteria, in any decision made with respect to the provision of FAPE to the child; and

(b) May be presented by any party as evidence at a hearing on a due process complaint under Subpart E of Part B of the IDEA regarding that child.

(4) Requests for evaluations by hearing officers

If a hearing officer requests an independent educational evaluation as part of a hearing on a due process complaint, the cost of the evaluation must be at public expense.

(5) School district criteria

(a) If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the school district of residence uses when it initiates an evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation.

(b) Except for the criteria described in paragraph (G)(5)(a) of this rule, a school district of residence may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.

 - (iii) Except where the parties have jointly agreed to waive the resolution process or to use mediation, notwithstanding paragraphs (K)(9)(b)(i) and (K)(9)(b)(ii) of this rule, the failure of the parent filing a due process complaint to participate in the resolution meeting will delay the timelines for the resolution process and due process hearing until the meeting is held.
 - (iv) If the school district of residence is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made (and documented using the procedures in rule 3301-51-07 of the Administrative Code), the

(f) Exceptions to the timeline

The timeline described in paragraph (K)(10)(e) of this rule does not apply to a parent if the parent was prevented from filing a due process complaint due to:

(i) Specific misrepresentations by the school district that it had resolved the problem forming the basis of the due process complaint; or

- (ii) The school district's withholding of information from the parent that was required under this rule to be provided to the parent.

 - (b) All other cost incurred in impartial due process hearings requested by the parent shall be assumed by the school district of the child's residence, except as follows:
 - (i) Expert testimony, outside medical evaluation, witness fees, subpoena fees, and cost of counsel will be paid by the party requesting the services; and
 - (ii) If requested by the parents or their attorney, additional copies of the record of the hearing and findings of fact and decisions.
 - (c) When a school district, county board of MR/DD, or other educational agency providing special education and related services to a child requests the impartial due process hearing, the district, county board of MR/DD, or other educational agency will share equally the costs of the hearing with the school district of residence, except those costs included in paragraph (K)(16)(b) of this rule.
 - (d) School districts shall compensate hearing officers upon invoice at an hourly rate not higher than that established for special counsel for the state of Ohio.  - (e) The Ohio department of education shall compensate state level review officers upon invoice at an hourly rate not higher than that established for special counsel for the state of Ohio.
- (17) Civil action
- (a) General

Any party aggrieved by the findings and decision under paragraph (K)(14)(b) of this rule, has the right to bring a civil action with respect to the due process complaint notice requesting a due process hearing under paragraph (K)(7) or paragraphs (K)(20) to (K)(22) of this rule. The action may be brought in any state court of competent jurisdiction or in a district court of the United States without regard to the amount in controversy.
 - (b) Time limitation

The party bringing the action shall have ninety days from the date of the decision of the state review official, to bring a civil action in the district court of the United States, or shall within forty-five days of notification of the decision of the state review official, appeal the final order to the common pleas court of the county of the child's district of residence as provided by section 3323.05 of the Revised Code.

(c) Additional requirements

In any action brought under paragraph (K)(17)(a) of this rule, the court:

- (i) Receives the records of the administrative proceedings;
- (ii) Hears additional evidence at the request of a party; and
- (iii) Basing its decision on the preponderance of the evidence, grants the relief that the court determines to be appropriate.

(d) Jurisdiction of district courts

The district courts of the United States have jurisdiction of actions brought under Section 615 of the IDEA without regard to the amount in controversy.

(e) Rule of construction

Nothing in this rule restricts or limits the rights, procedures, and remedies available under the United States Constitution, the Americans with Disabilities Act of 1990, January 1990, Title V of the Rehabilitation Act of 1973 as amended by the Rehabilitation Act Amendments of 1998, August 1998, or other federal laws protecting the rights of children with disabilities, except that before the filing of a civil action under these laws seeking relief that is also available under Section 615 of the IDEA, the procedures under paragraphs (K)(7) and (K)(14) of this rule must be exhausted to the same extent as would be required had the action been brought under Section 615 of the IDEA.

(18) Attorneys' fees

(a) In general

In any action or proceeding brought under Section 615 of the IDEA, the court, in its discretion, may award reasonable attorneys' fees as part of the costs to:

- (i) The prevailing party who is the parent of a child with a disability;

- (ii) To a prevailing party who is the Ohio department of education or a school district against the attorney of a parent who files a complaint or subsequent cause of action that is frivolous, unreasonable, or without foundation, or against the attorney of a parent who continued to litigate after the litigation clearly became frivolous, unreasonable, or without foundation; or
- (iii) To a prevailing Ohio department of education or school district against the attorney of a parent, or against the parent, if the parent's request for a due process hearing or subsequent cause of action was presented for any improper purpose, such as to harass, to cause unnecessary delay, or to needlessly increase the cost of litigation.

(b) Prohibition on use of funds

- (i) Funds under Part B of the IDEA may not be used to pay attorneys' fees or costs of a party related to any action or proceeding under Section 615 of the IDEA and Subpart E of Part B of the IDEA.
- (ii) Paragraph (K)(18)(b)(i) of this rule does not preclude the Ohio department of education or a school district from using funds under Part B of the IDEA for conducting an action or proceeding under Section 615 of the IDEA.

(c) Award of fees

A court awards reasonable attorneys' fees under Section 615(i)(3) of the IDEA consistent with the following:

- (i) Fees awarded under Section 615(i)(3) of the IDEA must be based on rates prevailing in the community in which the action or proceeding arose for the kind and quality of services furnished. No bonus or multiplier may be used in calculating the fees awarded under this paragraph.
- (ii) Attorneys' fees may not be awarded and related costs may not be reimbursed in any action or proceeding under Section 615 of the IDEA for services performed subsequent to the time of a written offer of settlement to a parent if:
 - (a) The offer is made within the time prescribed by rule 68 of the "Federal Rules of Civil Procedure" or, in the case of an administrative proceeding, at any time more than ten days before the proceeding begins;

- (vii) The provisions of paragraph (K)(18)(c)(vi) of this rule do not apply in any action or proceeding if the court finds that the state or school district unreasonably protracted the final resolution of the action or proceeding or there was a violation of Section 615 of the IDEA.

(19) Child's status during proceedings

- (a) Except as provided in paragraph (K)(23) of this rule, during the pendency of any administrative or judicial proceeding regarding a due process complaint notice requesting a due process hearing under paragraph (K)(7) of this rule, unless the state or school district of residence and the parents of the child agree otherwise, the child involved in the complaint must remain in the child's current educational placement.
- (b) If the complaint involves an application for initial admission to the school district, the child, with the consent of the parents, must be placed in the school district until the completion of all the proceedings.
- (c) If the complaint involves an application for initial services under this rule from a child who is transitioning from Part C of the IDEA to Part B of the IDEA and is no longer eligible for Part C services because the child has turned three, the public agency is not required to provide the Part C services that the child had been receiving. If the child is found eligible for special education and related services under Part B and the parent consents to the initial provision of special education and related services under rule 3301-51-06 of the Administrative Code, then the school district must provide those special education and related services that are not in dispute between the parent and the school district of residence.
- (d) If the state level review officer in an administrative appeal conducted by the Ohio department of education agrees with the child's parents that a change of placement is appropriate, that placement must be treated as an agreement between the state and the parents for purposes of paragraph (K)(19)(a) of this rule.

(20) Authority of school personnel

- (a) Case-by-case determination

School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the other requirements of this rule, is appropriate for a child with a disability who violates a code of student conduct.

- (b) General

- (i) School personnel under this rule may remove a child with a disability who violates a code of student conduct from the child's current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than ten consecutive school days (to the extent those alternatives are applied to children without disabilities), and for additional removals of not more than ten consecutive school days in that same school year for separate incidents of misconduct (as long as those removals do not constitute a change of placement under paragraph (K)(26) of this rule).
- (ii) After a child with a disability has been removed from the child's current placement for ten school days in the same school year, during any subsequent days of removal the school district must provide services to the extent required under paragraph (K)(20)(d) of this rule.

(c) Additional authority

For disciplinary changes in placement that would exceed ten consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child's disability pursuant to paragraph (K)(20)(e) of this rule, school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities, except as provided in paragraph (K)(20)(d) of this rule.

(d) Services

- (i) A child with a disability who is removed from the child's current placement pursuant to paragraphs (K)(20)(c) or (K)(20)(g) of this rule must:
 - (a) Continue to receive educational services, as provided in rule 3301-51-02 of the Administrative Code, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP; and
 - (b) Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.

- (ii) The services required by paragraph (K)(20)(d)(i), (K)(20)(d)(iii), (K)(20)(d)(iv), and (K)(20)(d)(v) of this rule may be provided in an interim alternative educational setting.
 - (iii) A school district is only required to provide services during periods of removal to a child with a disability who has been removed from the child's current placement for ten school days or less in that school year, if it provides services to a child without disabilities who is similarly removed.
 - (iv) After a child with a disability has been removed from the child's current placement for ten school days in the same school year, if the current removal is for not more than ten consecutive school days and is not a change of placement under this rule, school personnel, in consultation with at least one of the child's teachers, determine the extent to which services are needed, as provided in rule 3301-51-02 of the Administrative Code, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP.
 - (v) If the removal is a change of placement under this rule, the child's IEP team determines appropriate services under paragraph (K)(20)(d)(i) of this rule.
- (e) Manifestation determination
- (i) Within ten school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the school district, the parent, and relevant members of the child's IEP team (as determined by the parent and the school district) must review all relevant information in the child's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine:
 - (a) If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
 - (b) If the conduct in question was the direct result of the school district's failure to implement the IEP.
 - (ii) The conduct must be determined to be a manifestation of the child's disability if the school district, the parent, and relevant members of the child's IEP team determine that a condition in either paragraph (K)(20)(e)(i)(a) or (K)(20)(e)(i)(b) of this rule was met.

(iii) If the school district, the parent, and relevant members of the child's IEP team determine the condition described in paragraph (K)(20)(e)(i)(b) of this rule was met, the school district must take immediate steps to remedy those deficiencies.

(f) Determination that behavior was a manifestation

If the school district, the parent, and relevant members of the IEP team make the determination that the conduct was a manifestation of the child's disability, the IEP team must:

(i) Either:

(a) Start to conduct a functional behavioral assessment within ten days of the manifestation determination and complete the assessment as soon as practicable, unless the school district had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; or

(b) If a behavioral intervention plan already has been developed, within ten days of the manifestation determination, review the behavioral intervention plan and the implementation of the plan, and modify it, as necessary, to address the behavior subject to disciplinary action; and

(ii) Except as provided in paragraph (K)(20)(g) of this rule, return the child to the placement from which the child was removed, unless the parent and the school district agree to a change of placement as part of the modification of the behavioral intervention plan.

(g) Special circumstances

School personnel may remove a child to an interim alternative educational setting for not more than forty-five school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if the child:

(i) Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of the Ohio department of education or a school district;

(ii) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of the Ohio department of education or a school district; or

- (iii) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the Ohio department of education or a school district.

(h) Notification

On the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of a code of student conduct, the school district must notify the parents of that decision and provide the parents the procedural safeguards notice described in paragraph (I) of this rule.

- (i) The following terms are defined as they are used in this rule:

- (a) “Controlled substance” means a drug or other substance identified under schedules I, II, III, IV, or V in Section 202(c) of the Controlled Substances Act as amended and specified in the Anabolic Steroids Control Act of 1990, November 1990, 21 U.S.C. 812(c).

- (b) “Illegal drug” means a controlled substance; but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under that act or under any other provision of federal law.

- (c) “Serious bodily injury” has the meaning given the term “serious bodily injury” under paragraph (3) of subsection (h) of section 1365 of Title 18, United States Code.

- (d) “Weapon” has the meaning given the term “dangerous weapon” under paragraph (2) of the first subsection (g) of section 930 of Title 18, United States Code.

(21) Determination of setting

The child’s IEP team determines the interim alternative educational setting for services under paragraph (K)(20) of this rule.

(22) Appeal

- (a) General

The parent of a child with a disability who disagrees with any decision regarding placement under paragraphs (K)(20) and (K)(21) of this rule, or the manifestation determination under paragraph (K)(20)(e) of this rule, or a school district that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may appeal the decision by requesting a hearing. The hearing is requested by filing a complaint pursuant to paragraphs (K)(7) and (K)(8) of this rule.

(b) Authority of hearing officer

- (i) A hearing officer under paragraph (K)(10) of this rule hears and makes a determination regarding an appeal.
- (ii) In making the determination under paragraph (K)(22)(b)(i) of this rule, the hearing officer may:
 - (a) Return the child with a disability to the placement from which the child was removed if the hearing officer determines that the removal was a violation of paragraph (K)(20) of this rule or that the child's behavior was a manifestation of the child's disability; or
 - (b) Order a change of placement of the child with a disability to an appropriate interim alternative educational setting for not more than forty-five school days if the hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.
- (iii) The procedures under paragraphs (K)(22)(a), (K)(22)(b)(i), and (K)(22)(b)(ii) of this rule may be repeated, if the school district believes that returning the child to the original placement is substantially likely to result in injury to the child or to others.

(c) Expedited due process hearing

- (i) Whenever a hearing is requested under paragraph (K)(22)(a) of this rule, the parents or the school district involved in the dispute must have an opportunity for an impartial due process hearing consistent with the requirements of this rule, except as provided in paragraphs (K)(7), (K)(8)(a) to (K)(8)(d), and (K)(9) to (K)(14) of this rule.
- (ii) The Ohio department of education or the school district of residence is responsible for arranging the expedited due process hearing, which must occur within twenty school days of the date

the complaint requesting the hearing is filed. The hearing officer must make a determination within ten school days after the hearing.

(iii) Unless the parents and school district of residence agree in writing to waive the resolution meeting described in paragraph (K)(22)(c)(iii)(a) of this rule, or agree to use the mediation process described in paragraph (K)(3) of this rule:

(a) A resolution meeting must occur within seven days of receiving notice of the due process complaint; and

(b) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within fifteen days of the receipt of the due process complaint.

(iv) The Ohio department of education may establish different state-imposed procedural rules for expedited due process hearings conducted under this rule than it has established for other due process hearings, but, except for the timelines as modified in paragraph (K)(22)(c)(iii) of this rule, the state must ensure that the requirements in paragraphs (K)(9) to (K)(14) of this rule are met.

(v) The decisions on expedited due process hearings are appealable consistent with paragraph (K)(14) of this rule.

(d) Procedures for expedited due process hearings

(i) If a parent requests an expedited due process hearing, school district of residence personnel must contact the Ohio department of education, office for exceptional children, before the end of the next business day following receipt of the parent's request.

(ii) If a school district initiates an expedited due process hearing under this rule, school district of residence personnel must contact the Ohio department of education, office for exceptional children, on the day the expedited due process hearing is requested. The school district shall provide the parents with notification of the request for the hearing and procedural safeguards no later than the end of the next business day.

(iii) An impartial hearing officer will be appointed by the Ohio department of education, office for exceptional children, before the end of the next business day from the day the school district of residence informs the office for exceptional children.

A child who has not been determined to be eligible for special education and related services under this chapter of the Administrative Code and who has engaged in behavior that violated a code of student conduct, may assert any of the protections provided for in this rule if the school district had knowledge (as determined in accordance with paragraph (K)(24)(b) of this rule) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

(b) Basis of knowledge

A school district must be deemed to have knowledge that a child is a child with a disability if before the behavior that precipitated the disciplinary action occurred:

- (i) The parent of the child expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the child, that the child is in need of special education and related services;
- (ii) The parent of the child requested an evaluation of the child pursuant to rule 3301-51-06 of the Administrative Code; or
- (iii) The teacher of the child, or other personnel of the school district, expressed specific concerns about a pattern of behavior demonstrated by the child directly to the director of special education of the school district or to other supervisory personnel of the school district.

(c) Exception

A school district would not be deemed to have knowledge under paragraph (K)(24)(b) of this rule if:

- (i) The parent of the child:
 - (a) Has not allowed an evaluation of the child pursuant to rule 3301-51-06 of the Administrative Code; or
 - (b) Has refused services under this chapter of the Administrative Code; or
- (ii) The child has been evaluated in accordance with rule 3301-51-06 of the Administrative Code and determined to not be a child with a disability under this chapter.

(d) Conditions that apply if no basis of knowledge

- (i) If a school district does not have knowledge that a child is a child with a disability (in accordance with paragraphs (K)(24)(b) and (K)(24)(c) of this rule) prior to taking disciplinary measures against the child, the child may be subjected to the disciplinary measures applied to children without disabilities who engage in comparable behaviors consistent with paragraph (K)(24)(d)(ii) of this rule.
- (ii) If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under paragraph (K)(20) of this rule, the evaluation must be conducted in an expedited manner.
- (iii) Until the evaluation is completed, the child remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.
- (iv) If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the school district of residence and information provided by the parents, the school district of residence must provide special education and related services in accordance with this chapter of the Administrative Code, including the requirements of paragraphs (K)(20) to (K)(26) of this rule and Section 612(a)(1)(A) of the IDEA.

(25) Referral to and action by law enforcement and judicial authorities

Rule of construction. Nothing in this rule prohibits an agency from reporting a crime committed by a child with a disability to appropriate authorities or prevents state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a child with a disability. Transmittal of records shall be done in accordance with paragraph (R)(2) of rule 3301-51-04 of the Administrative Code.

(26) Change of placement because of disciplinary removals

- (a) For purposes of removals of a child with a disability from the child's current educational placement under paragraphs (K)(20) to (K)(25) of this rule, a change of placement occurs if:
 - (i) The removal is for more than ten consecutive school days; or
 - (ii) The child has been subjected to a series of removals that constitute a pattern:

- (a) Because the series of removals total more than ten school days in a school year;
 - (b) Because the child's behavior is substantially similar to the child's behavior in previous incidents that resulted in the series of removals; and
 - (c) Because of such additional factors as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another.
- (b) The school district determines on a case-by-case basis whether a pattern of removals constitutes a change of placement. This determination is subject to review through due process and judicial proceedings.

3301-51-06 Evaluations.

(A) General

- (1) Each school district shall adopt and implement written policies and procedures, approved by the Ohio department of education, office for exceptional children, to ensure that a referral process is employed to determine whether or not a child is a child with a disability. The school district of residence shall ensure that initial evaluations are conducted and that reevaluations are completed.
- (2) Consistent with rule 3301-35-06 of the Administrative Code, each school district shall provide interventions to resolve concerns for any preschool or school-age child who is performing below grade-level standards.
- (3) A school district may not use interventions to delay unnecessarily a child's being evaluated to determine eligibility for special education services. If such interventions have not been implemented prior to referral for evaluation, appropriate interventions should be implemented during the same sixty-day time frame during which the school district conducts a full and individual evaluation.
- (4) Each school district shall use data from interventions to determine eligibility for special education services, appropriate instructional practices, and access to the general curriculum. In the case of a preschool-age child, data collected through interventions is part of the differentiated referral process.

(B) Initial evaluations

(1) General

Each school district of residence must conduct a full and individual initial evaluation, in accordance with this rule, before the initial provision of special education and related services under Part B of the Individuals with Disabilities Education Act, as amended by the Individuals with Disabilities Education Improvement Act of 2004, December 2004 (IDEA) to a child with a disability residing in the school district.

(2) Request for initial evaluation

Consistent with the consent requirements in rule 3301-51-05 of the Administrative Code, either a parent of a child or a public agency may initiate a request for an initial evaluation to determine if the child is a child with a disability.

- (3) A school district of residence will, within thirty days of receipt of a request for an evaluation from either a parent of a child or a public agency, either obtain parental consent for an initial evaluation or provide to the parents prior written notice

stating that the school district does not suspect a disability and will not be conducting an evaluation.

(4) Procedures for initial evaluation

The initial evaluation:

- (a) Must be conducted within sixty days of receiving parental consent for the evaluation; and
- (b) Must consist of procedures:
 - (i) To determine if the child is a child with a disability as defined in paragraph (B)(10) of rule 3301-51-01 of the Administrative Code; and
 - (ii) To determine the educational needs of the child.

(5) Exception

The time frame described in paragraph (B)(4)(a) of this rule does not apply to a school district if:

- (a) The parent of a child repeatedly fails or refuses to produce the child for the evaluation; or
 - (b) A child enrolls in a new school district of residence after the relevant time frame in paragraph (B)(4)(a) of this rule has begun, and prior to a determination by the child's previous school district of residence as to whether the child is a child with a disability as defined in paragraph (B)(10) of rule 3301-51-01 of the Administrative Code.
- (6) The exception in paragraph (B)(5)(b) of this rule applies only if the subsequent school district of residence is making sufficient progress to ensure a prompt completion of the evaluation, and the parent and subsequent school district agree to a specific time when the evaluation will be completed.

(C) Screening for instructional purposes is not evaluation

The screening of a child by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services.

(D) Reevaluations

(1) General

A school district of residence must ensure that a reevaluation of each child with a disability is conducted in accordance with paragraphs (E) to (J) of this rule:

- (a) If the school district determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or
- (b) If the child's parent or teacher requests a reevaluation; or
- (c) When a child transitions from preschool to school-age services; or
- (d) In order to make a change in disability category.

(2) Limitation

A reevaluation conducted under paragraph (D)(1) of this rule:

- (a) May occur not more than once a year, unless the parent and the school district agree otherwise; and
- (b) Must occur at least once every three years, unless the parent and the school district agree that a reevaluation is unnecessary.

(E) Evaluation procedures

(1) Notice

The school district of residence must provide notice to the parents of a child with a disability, in accordance with rule 3301-51-05 of the Administrative Code, that describes any evaluation procedures the school district proposes to conduct.

(2) Conduct of evaluation

In conducting the evaluation, the school district must:

- (a) Use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child, including information provided by the parent, that may assist in determining:
 - (i) Whether the child is a child with a disability as defined in paragraph (B)(10) of rule 3301-51-01 of the Administrative Code; and
 - (ii) The content of the child's individualized education program (IEP), including information related to enabling the child to be involved

in and progress in the general education curriculum (or for a preschool child to participate in appropriate activities);

- (b) Not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child; and
- (c) Use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

(3) Other evaluation procedures

Each school district must ensure that:

- (a) Assessments and other evaluation materials used to assess a child under this rule:
 - (i) Are selected and administered so as not to be discriminatory on a racial or cultural basis;
 - (ii) Are provided and administered in the child's native language or other mode of communication and in the form most likely to yield accurate information about what the child knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide or administer;
 - (iii) Are used for the purposes for which the assessments or measures are valid and reliable;
 - (iv) Are administered by trained and knowledgeable personnel; and
 - (v) Are administered in accordance with any instructions provided by the producer of the assessments.
- (b) Assessments and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.
- (c) Assessments are selected and administered so as best to ensure that if an assessment is administered to a child with impaired sensory, manual, or speaking skills, the assessment results accurately reflect the child's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).

- (d) The child is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities;
- (e) Assessments of children with disabilities who transfer from one school district to another school district in the same school year are coordinated with those children's prior and subsequent schools, as necessary and as expeditiously as possible, consistent with paragraphs (B)(5)(b) and (B)(6) of this rule, to ensure prompt completion of full evaluations.
- (f) In evaluating each child with a disability under paragraphs (E) to (G) of this rule, the evaluation is sufficiently comprehensive to identify all of the child's special education and related services needs, whether or not commonly linked to the disability category in which the child has been classified.
- (g) Assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are provided.
- (h) Medical consultation shall be encouraged for a preschool or school-age child on a continuing basis, especially when school authorities feel that there has been a change in the child's behavior or educational functioning or when new symptoms are detected; and
- (i) For preschool-age children, as appropriate, the evaluation shall include the following specialized assessments:
 - (i) Physical examination completed by a licensed doctor of medicine or doctor of osteopathy in cases where the disability is primarily the result of a congenital or acquired physical disability;
 - (ii) Vision examination conducted by an eye care specialist in cases where the disability is primarily the result of a visual impairment; and
 - (iii) An audiological examination completed by a certified or licensed audiologist in cases where the disability is primarily the result of a hearing impairment.

(F) Additional requirements for evaluations and reevaluations

- (1) Review of existing evaluation data

As part of an initial evaluation, if appropriate, and as part of any reevaluation under this rule, the evaluation team shall develop an evaluation plan that will provide for the following and be summarized in an evaluation team report:

- (a) Review existing evaluation data on the child, including:
 - (i) Evaluations and information provided by the parents of the child;
 - (ii) Current classroom-based, local, or state assessments, and classroom-based observations;
 - (iii) Observations by teachers and related services providers;
 - (iv) Data about the child's progress in the general curriculum or, for the preschool-age child, data pertaining to the child's growth and development;
 - (v) Data from previous interventions, including:
 - (a) Interventions required by rule 3301-35-06 of the Administrative Code; and
 - (b) For the preschool child, data from early intervention, community or preschool program providers; and
 - (vi) Any relevant trend data beyond the past twelve months, including the review of current and previous IEPs; and
- (b) On the basis of that review and input from the child's parents, identify what additional data, if any, are needed to determine:
 - (i) Whether the child is a child with a disability, as defined in rule 3301-51-01 of the Administrative Code, and the educational needs of the child; or
 - (ii) In case of a reevaluation of a child, whether the child continues to have such a disability, and the educational needs of the child;
 - (iii) The present levels of academic achievement and related developmental needs of the child;
 - (iv) Whether the child needs special education and related services; or
 - (v) In the case of a reevaluation of a child, whether the child continues to need special education and related services; and

- (vi) Whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP of the child and to participate, as appropriate, in the general education curriculum.

(2) Conduct of review

The group described in paragraph (F)(1) of this rule may conduct its review without a meeting.

(3) Source of data

The school district must administer such assessments and other evaluation measures as may be needed to produce the data identified under paragraph (F)(1) of this rule.

(4) Requirements if additional data are not needed

- (a) If the evaluation team or the IEP team, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability and to determine the child's educational needs, the school district must notify the child's parents of:

- (i) That determination and the reasons for the determination; and
- (ii) The right of the parents to request an assessment to determine whether the child continues to be a child with a disability and to determine the child's educational needs.

- (b) The school district is not required to conduct the assessment described in paragraph (F)(4)(a)(ii) of this rule unless requested to do so by the child's parents.

(5) Evaluations before change in eligibility

- (a) Except as provided in paragraph (F)(5)(b) of this rule, a school district must evaluate a child with a disability in accordance with paragraphs (E) to (J) of this rule before determining that the child is no longer a child with a disability.
- (b) The evaluation described in paragraph (F)(5)(a) of this rule is not required before the termination of a child's eligibility under this rule due to graduation from secondary school with a regular diploma or due to exceeding the age eligibility for a free appropriate public education (FAPE) under state law.

- (c) For a child whose eligibility terminates under circumstances described in paragraph (F)(5)(b) of this rule, a school district must provide the child with a summary of the child's academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child's postsecondary goals.

(G) Determination of eligibility

(1) General

Upon completion of the administration of assessments and other evaluation measures:

- (a) A group of qualified professionals and the parent of the child determines whether the child is a child with a disability, as defined in rule 3301-51-01 of the Administrative Code, in accordance with paragraph (G)(2) of this rule and the educational needs of the child; and
- (b) The school district provides a copy of the evaluation report and the documentation of determination of eligibility at no cost to the parent.
 - (i) The written evaluation team report shall include:
 - (a) A summary of information obtained during the evaluation process; and
 - (b) The names, titles and signatures of each team member, including the parent, and an indication of whether or not they are in agreement with the eligibility determination. Any team member who is not in agreement with the team's determination of disability shall submit a statement of disagreement.
 - (ii) The school district must provide a copy of the evaluation team report and the documentation of determination of eligibility or continued eligibility to the parents prior to the next IEP meeting and in no case later than fourteen days from the date of eligibility determination.

(2) Special rule for eligibility determination

A child must not be determined to be a child with a disability under this rule:

- (a) If the determinant factor for that determination is:

- (i) Lack of appropriate instruction in reading, including the essential components of reading instruction as defined in Section 1208(3) of the Elementary and Secondary Education Act of 1965, as amended and specified in the No Child Left Behind Act of 2001, January 2002, 20 U.S.C. 6301 (ESEA);
 - (ii) Lack of appropriate instruction in math; or
 - (iii) Limited English proficiency; and
 - (b) If the child does not otherwise meet the eligibility criteria under paragraph (B)(10) of rule 3301-51-01 of the Administrative Code.
- (3) Procedures for determining eligibility and educational need
 - (a) In interpreting evaluation data for the purpose of determining if a child is a child with a disability as defined in paragraph (B)(10) of rule 3301-51-01 of the Administrative Code, and the educational needs of the child, each school district must:
 - (i) Draw upon information from a variety of sources, including aptitude and achievement tests, state and districtwide assessments, parent input, and teacher recommendations, as well as information about the child's physical condition, social or cultural background, and adaptive behavior; and
 - (ii) Ensure that information obtained from all of these sources is documented and carefully considered.
 - (b) If a determination is made that a child has a disability and needs special education and related services, an IEP must be developed for the child in accordance with rule 3301-51-07 of the Administrative Code.
- (H) Additional procedures for identifying children with specific learning disabilities
 - (1) Specific learning disabilities
 - (a) General

The Ohio department of education adopts in this rule, criteria for determining whether a child has a specific learning disability as defined in paragraph (B)(10)(d)(x) of rule 3301-51-01 of the Administrative Code. The criteria adopted by the state in this rule:

 - (i) Do not require the use of a severe discrepancy between intellectual ability and achievement for determining whether a child has a

specific learning disability, as defined in paragraph (B)(10)(d)(x) of rule 3301-51-01 of the Administrative Code;

- (ii) Permit the use of a process based on the child's response to scientific, research-based intervention; and
- (iii) Permit the use of other alternative research-based procedures for determining whether a child has a specific learning disability as defined in paragraph (B)(10)(d)(x) of rule 3301-51-01 of the Administrative Code.

(b) Consistency with state criteria

A school district must use the state criteria adopted in this rule pursuant to paragraph (H)(1) of this rule in determining whether a child has a specific learning disability.

(2) Additional group members

The determination of whether a child suspected of having a specific learning disability is a child with a disability, as defined in rule 3301-51-01 of the Administrative Code, must be made by the child's parents and a team of qualified professionals which must include:

- (a) The child's regular teacher; or
- (b) If the child does not have a regular teacher, a regular classroom teacher qualified to teach a child of the child's age; or
- (c) For a child of less than school-age, an individual qualified by the Ohio department of education to teach a child of the child's age; and
- (d) At least one person qualified to conduct individual diagnostic examinations of children, such as a school psychologist, speech-language pathologist, or remedial reading teacher.

(3) Determining the existence of a specific learning disability

(a) The group described in paragraph (G) of this rule may determine that a child has a specific learning disability, as defined in paragraph (B)(10)(d)(x) of rule 3301-51-01 of the Administrative Code, if:

- (i) The child does not achieve adequately for the child's age or to meet state-approved grade-level standards in one or more of the following areas, when provided with learning experiences and

instruction appropriate for the child's age or state-approved grade-level standards:

- (a) Oral expression;
 - (b) Listening comprehension;
 - (c) Written expression;
 - (d) Basic reading skill;
 - (e) Reading fluency skills;
 - (f) Reading comprehension;
 - (g) Mathematics calculation; or
 - (h) Mathematics problem-solving.
- (ii) The child does not make sufficient progress to meet age or state-approved grade-level standards in one or more of the areas identified in paragraph (H)(3)(i) of this rule when using a process based on the child's response to scientific, research-based intervention; or
- (iii) The child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, state-approved grade-level standards, or intellectual development, that is determined by the group to be relevant to the identification of a specific learning disability, using appropriate assessments, consistent with paragraphs (E) and (F) of this rule; and
- (iv) The group determines that its findings under paragraphs (H)(3)(a)(i) to (H)(3)(a)(iii) of this rule are not primarily the result of:
- (a) A visual, hearing, or motor disability;
 - (b) Mental retardation;
 - (c) Emotional disturbance;
 - (d) Cultural factors;
 - (e) Environmental or economic disadvantage; or

- (f) Limited English proficiency.
- (b) To ensure that underachievement in a child suspected of having a specific learning disability is not due to lack of appropriate instruction in reading or math, the group must consider, as part of the evaluation described in paragraphs (E) to (G) of this rule:
 - (i) Data that demonstrate that prior to, or as a part of, the referral process, the child was provided appropriate instruction in regular education settings, delivered by qualified personnel; and
 - (ii) Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction, which was provided to the child's parents.
- (c) The school district must promptly request parental consent to evaluate the child to determine if the child needs special education and related services, and must adhere to the time frames described in paragraphs (B) and (D) of this rule, unless the time frames are extended by mutual written agreement of the child's parents and a group of qualified professionals, as described in paragraph (G)(1)(a) of this rule:
 - (i) If, prior to a referral, a child has not made adequate progress after an appropriate period of time when provided instruction, as described in paragraphs (H)(3)(b)(i) and (H)(3)(b)(ii) of this rule; and
 - (ii) Whenever a child is referred for an evaluation.
- (d) An evaluation may utilize a process based on the child's response to scientific, research-based intervention to determine whether a child has a specific learning disability. This process:
 - (i) Begins when sufficient data have been gathered and analyzed under conditions of targeted and intensive individualized intervention conditions, when there is evidence of an inadequate response to intervention on the part of the child, and the group determines that the child's needs are unlikely to be met without certain specialized instruction in addition to the regular classroom instruction;
 - (ii) Employs interventions that are scientifically-based and provided at appropriate levels of intensity, frequency, duration, and integrity, relative to the child's identified needs;

- (iii) Is based on results of scientifically-based, technically adequate assessment procedures that assess ongoing progress while the child is receiving scientifically-based instruction, and that have been reported to the child's parents;
 - (iv) Includes the analysis of data described in paragraphs (H)(3)(b)(i) and (H)(3)(b)(ii) of this rule to determine whether a discrepancy is present between actual and expected performance, in both the child's rate of progress in developing skills, and in the child's level of performance on measures assessing one or more of the academic areas listed in paragraph (H)(3)(a)(i) of this rule;
 - (v) May not be used to delay unnecessarily a child's being evaluated to determine eligibility for special education services.
- (e) A school district may use alternative, research-based procedures for determining whether a child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, state-approved grade-level standards, or intellectual development, that is determined by the group to be relevant to the identification of a specific learning disability, if prior approval of the procedures has been granted by the Ohio department of education.
- (f) The school district must develop written procedures for the implementation of any method used to determine the existence of a specific learning disability that, at a minimum, incorporate guidelines developed by the Ohio department of education as specified in this rule.
- (4) Observation
- (a) The school district must ensure that the child is observed in the child's learning environment, including the regular classroom setting, to document the child's academic performance and behavior in the areas of difficulty.
 - (b) The group described in paragraph (G) of this rule, in determining whether a child has a specific learning disability, must decide to:
 - (i) Use information from an observation in routine classroom instruction and monitoring of the child's performance that was done before the child was referred for an evaluation; or
 - (ii) Have at least one member of the group described in paragraph (G) of this rule conduct an observation of the child's academic performance in the regular classroom after the child has been

referred for an evaluation and parental consent, consistent with rule 3301-51-05 of the Administrative Code, is obtained.

- (c) In the case of a child of less than school-age or out of school, a group member must observe the child in an environment appropriate for a child of that age.
- (5) Specific documentation for the eligibility determination
- (a) For a child suspected of having a specific learning disability, the documentation of the determination of eligibility, as required in paragraph (G)(1)(b) of this rule, must contain a statement of:
 - (i) Whether the child has a specific learning disability;
 - (ii) The basis for making the determination, including an assurance that the determination has been made in accordance with paragraph (G)(3)(a) of this rule;
 - (iii) The relevant behavior, if any, noted during the observation of the child and the relationship of that behavior to the child's academic functioning;
 - (iv) The educationally relevant medical findings, if any;
 - (v) Whether:
 - (a) The child does not achieve adequately for the child's age or to meet state-approved grade-level standards consistent with paragraph (H)(3)(a)(i) of this rule; and
 - (b) The child does not make sufficient progress to meet age or state-approved grade-level standards consistent with paragraph (H)(3)(a)(ii) of this rule; or
 - (c) The child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, state-approved grade-level standards or intellectual development consistent with paragraph (H)(3)(a)(iii) of this rule;
 - (vi) The determination of the group concerning the effects of a visual, hearing, or motor disability; mental retardation; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency on the child's achievement level; and

- (vii) If the child has participated in a process that assesses the child's response to scientific, research-based intervention:
 - (a) The instructional strategies used and the student-centered data collected; and
 - (b) The documentation that the child's parents were notified about:
 - (i) The state's policies regarding the amount and nature of student performance data that would be collected and the general education services that would be provided;
 - (ii) Strategies for increasing the child's rate of learning; and
 - (iii) The parents' right to request an evaluation.
- (b) Each group member must certify in writing whether the report reflects the member's conclusion. If it does not reflect the member's conclusion, the group member must submit a separate statement presenting the member's conclusions.

(I) Additional procedures for identifying children with multiple disabilities

A group of qualified professionals and the parents of the child may determine the child has multiple disabilities if the child exhibits:

- (1) A combination of two or more areas of disability as defined in rule 3301-51-01 of the Administrative Code, except for a combination that includes a specific learning disability; and
- (2) A severe or profound deficit in communication or adaptive behavior documented through the use of individually administered standardized instruments which have been validated for the specific purpose of measuring communication or adaptive behavior.

(J) Additional procedures for identifying children with deafness or hearing impairment

A group of qualified professionals and the parents of the child may determine the child has deafness or a hearing impairment if the child exhibits:

- (1) An average pure tone hearing loss of fifty decibels or greater, according to the "American Speech-Language-Hearing Association (ASHA) Guidelines for the Audiologic Assessment of Children From Birth to Five Years of Age" (2004) for children from birth to five years of age or according to the "American Speech-Language-Hearing Association (ASHA) Guidelines for Manual Pure-Tone

Threshold Audiometry” (2005) for children six through twenty-one years of age, for the frequencies five hundred, one thousand, and two thousand hertz in the better ear; [The guidelines referenced in paragraph (J)(1) of this rule are available at www.asha.org.]

- (2) An average pure tone hearing loss of twenty-five decibels or greater (ASHA) for the frequencies five hundred, one thousand, and two thousand hertz in the better ear, which has an adverse effect upon the child’s educational performance related to documented evidence of:
 - (a) A more severe hearing loss during the developmental years than is currently measured;
 - (b) A history of chronic medical problems that have resulted in fluctuating hearing, presently or in the past; or
 - (c) A delay in diagnosis, provision of amplification, or initiation of special programming.
- (3) A hearing loss in excess of twenty-five decibels (ASHA) for the frequencies one thousand hertz through eight thousand hertz in the better ear, resulting in such poor auditory discrimination that it has an adverse effect upon the child’s educational performance.

- (B) The county boards of mental retardation and developmental disabilities (county boards of MR/DD) and other educational agencies shall adopt and implement written policies and procedures approved by the Ohio department of education, office for exceptional children, that ensure services identified in the child's IEP are provided as agreed upon with the child's school district of residence.
- (C) The child's school district of residence is responsible for ensuring that the requirements of this rule are met regardless of which school district, county board of MR/DD, or other educational agency implements the child's IEP. This includes the responsibility for initiating and conducting meetings for the purpose of developing, reviewing, and revising the IEP of a child with a disability.
- (D) Children in other districts or agencies
 - (1) The school district of residence is responsible for ensuring that an IEP is developed and implemented for each child with a disability residing in the school district. When providing special education services for a child with a disability in another school district, county board of MR/DD, or other educational agency, the school district of residence must follow the same procedural safeguards as it does for all children with disabilities and have on file a copy of the current evaluation team report and the IEP.
 - (2) Each school district will cooperate with other districts, county boards of MR/DD, and other educational agencies that serve children with disabilities in institutions or other care facilities to ensure that these children have access to an education in a regular public school setting, when appropriate and as specified in the IEP.
- (E) IEPs
 - (1) The state must ensure that an IEP that meets the requirements of Section 636(d) of the Individuals with Disabilities Education Act, as amended by the Individuals with Disabilities Education Improvement Act of 2004, December 2004 (IDEA), is developed, reviewed, and revised for each child with a disability in accordance with paragraphs (H) to (L) of this rule, except as provided in paragraph (C)(2)(d)(ii) of rule 3301-51-05 of the Administrative Code.
 - (2) Paragraphs (F) to (G) of this rule apply only to children with disabilities who are or have been placed in or referred to a nonpublic school or facility by a public school district as a means of providing special education and related services.

(F) Responsibility of the Ohio department of education

The Ohio department of education must ensure that a child with a disability who is placed in or referred to a nonpublic school or facility by a public school district:

- (1) Is provided special education and related services:
 - (a) In conformance with an IEP that meets the requirements of paragraphs (H) to (M) of this rule; and
 - (b) At no cost to the parents;
- (2) Is provided an education that meets the standards that apply to education provided by the Ohio department of education and school districts including the requirements of this rule, except for paragraph (B)(27) of rule 3301-51-01 of the Administrative Code and paragraph (H) of rule 3301-51-09 of the Administrative Code; and

(G) Implementation by the Ohio department of education

In implementing paragraph (F) of this rule, the Ohio department of education must:

- (1) Monitor compliance through procedures such as written reports, on-site visits, and parent questionnaires;
- (2) Disseminate copies of applicable standards to each nonpublic school and facility to which a school district has referred or placed a child with a disability; and
- (3) Provide an opportunity for those nonpublic schools and facilities to participate in the development and revision of state standards that apply to them.

(H) Definition of individualized education program

(1) General

As used in this rule, the term “individualized education program” or “IEP” means a written statement for each child with a disability that is developed, reviewed, and revised in a meeting in accordance with paragraphs (H) to (L) of this rule and that must include:

- (a) A statement that discusses the child’s future

The IEP team shall ensure that the family and child's preferences and interests are an essential part of the planning process. The IEP team will document planning information on the IEP;

- (b) A statement of the child's present levels of academic achievement and functional performance, including:
 - (i) How the child's disability affects the child's involvement and progress in the general education curriculum (i.e., the same curriculum as for nondisabled children); or
 - (ii) For preschool children, as appropriate, how the disability affects the child's participation in appropriate activities;
- (c) A statement of measurable annual goals, including academic and functional goals and benchmarks or short-term objectives designed to:
 - (i) Meet the child's needs that result from the child's disability to enable the child to be involved in and make progress in the general education curriculum; and
 - (ii) Meet each of the child's other educational needs that result from the child's disability;
- (d) A description of:
 - (i) How the child's progress toward meeting the annual goals described in paragraph (H)(1)(c) of this rule will be measured; and

- (b) The IEP team to include information under one component of a child's IEP that is already contained under another component of the child's IEP.

(I) IEP team

(1) General

The school district must ensure that the IEP team for each child with a disability includes:

- (a) The parents of the child;

(2) Transition services participants

- (a) In accordance with paragraph (I)(1)(g) of this rule, the school district must invite a child with a disability to attend the child's IEP team meeting if a purpose of the meeting will be the consideration of the postsecondary goals for the child and the transition services needed to assist the child in reaching those goals under paragraph (H)(2) of this rule.
- (b) If the child does not attend the IEP team meeting, the school district must take other steps to ensure that the child's preferences and interests are considered.

(3) Determination of knowledge and special expertise

The determination of the knowledge or special expertise of any individual described in paragraph (I)(1)(f) of this rule must be made by the party (parents or school district) who invited the individual to be a member of the IEP team.

(4) Designating a school district representative

A school district may designate a school district member of the IEP team to also serve as the district representative, if the criteria in paragraph (I)(1)(d) of this rule are satisfied.

(5) IEP team attendance

- (a) A member of the IEP team described in paragraphs (I)(1)(b) to (I)(1)(e) of this rule is not required to attend an IEP team meeting, in whole or in part, if the parent of a child with a disability and the school district agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.

- (b) A member of the IEP team described in paragraph (I)(5)(a) of this rule may be excused from attending an IEP team meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of the curriculum or related services, if:
 - (i) The parent, in writing, and the school district consent to the excusal; and
 - (ii) The member submits, in writing to the parent and the IEP team, input into the development of the IEP prior to the meeting.

(6) Initial IEP team meeting for child under Part C

In the case of a child who was previously served under Part C of the IDEA, an invitation to the initial IEP team meeting must, at the request of the parent, be sent to the Part C service coordinator or other representatives of the Part C system to assist with the smooth transition of services.

(J) Parent participation

(1) School district responsibility

Each school district must take steps to ensure that one or both of the parents of a child with a disability are present at each IEP team meeting or are afforded the opportunity to participate, including:

- (a) Notifying parents of the meeting early enough to ensure that they will have an opportunity to attend; and
- (b) Scheduling the meeting at a mutually agreed on time and place.

(2) Information provided to parents

- (a) The notice required under paragraph (J)(1)(a) of this rule must:
 - (i) Indicate the purpose, time, and location of the meeting and who will be in attendance; and

- (b) For a child with a disability, beginning not later than the first IEP to be in effect when the child turns fourteen, or younger if determined appropriate by the IEP team, the notice also must:
 - (i) Indicate that a purpose of the meeting will be the development of a statement of the transition services needs of the child; and
 - (ii) Indicate that the school district will invite the child.
- (c) For a child with a disability, beginning not later than the first IEP to be in effect when the child turns sixteen, or younger if determined appropriate by the IEP team, the notice also must:

 - (a) That a purpose of the meeting will be the consideration of the postsecondary goals and transition services for the child, in accordance with paragraph (H)(2)(b) of this rule; and
 - (b) That the school district will invite the child; and
 - (ii) Identify any other agency that will be invited to send a representative.

3) Other methods to ensure parent participation

If neither parent can attend an IEP team meeting, the school district must use other methods to ensure parent participation, including individual or conference telephone calls, consistent with paragraph (O) of this rule (related to alternative means of meeting participation).

(4) Conducting an IEP team meeting without a parent in attendance

A meeting may be conducted without a parent in attendance if the school district is unable to convince the parents that they should attend. In this case, the school district must keep a record of its attempts to arrange a mutually agreed on time and place, such as:

- (a) Detailed records of telephone calls made or attempted and the results of those calls;
- (b) Copies of correspondence sent to the parents and any responses received; and
- (c) Detailed records of visits made to the parent's home or place of employment and the results of those visits.

- (5) Use of interpreters or other action, as appropriate

The school district must take whatever action is necessary to ensure that the parent understands the proceedings of the IEP team meeting, including arranging for an interpreter for parents with deafness or whose native language is other than English.

- (6) Parent copy of child's IEP

Within thirty calendar days after the IEP meeting, the school district must give the parent a copy of the child's IEP at no cost to the parent.

(K) When IEPs must be in effect

- (1) General

By the child's third birthday and at the beginning of each subsequent school year, each school district must have in effect, for each child with a disability within its jurisdiction, an IEP, as defined in paragraph (H) of this rule. The IEP shall be implemented as soon as possible following the IEP meeting.

- (2) The initial IEP must be developed within whichever of the following time periods is the shortest:

- (a) Within thirty calendar days of the determination that the child needs special education and related services;
- (b) Within ninety calendar days of receiving parental consent for an evaluation; or
- (c) Within one hundred twenty calendar days of the receipt of a request for an evaluation from a parent or school district.

- (3) Initial IEPs; provision of services

Each school district must ensure that:

- (a) A meeting to develop an IEP for a child is conducted within thirty days of a determination that the child needs special education and related services; and
- (b) As soon as possible following development of the IEP, special education and related services are made available to the child in accordance with the child's IEP.

- (4) Accessibility of child's IEP to teachers and others

Each school district must ensure that:

- (a) The child's IEP is accessible to each regular education teacher, special education teacher, related services provider, and any other service provider who is responsible for its implementation; and
- (b) Each teacher and provider described in paragraph (K)(4)(a) of this rule is informed of:
 - (i) The teacher's and provider's specific responsibilities related to implementing the child's IEP; and
 - (ii) The specific accommodations, modifications, and supports that must be provided for the child in accordance with the IEP.

(5) IEPs for children who transfer school districts in the same state

If a child with a disability (who had an IEP that was in effect in a previous school district in the same state) transfers to a new school district of residence in the same state, and enrolls in a new school within the same school year, the new school district of residence (in consultation with the parents) must provide a free and appropriate public education (FAPE) to the child (including services comparable to those described in the child's IEP from the previous school district of residence), until the new school district of residence either:

- (a) Adopts the child's IEP from the previous school district of residence; or
- (b) Develops, adopts, and implements a new IEP that meets the applicable requirements in paragraphs (H) to (L) of this rule.

(6) IEPs for children who transfer from another state

If a child with a disability (who had an IEP that was in effect in a previous school district in another state) transfers to a new school district of residence in Ohio, and enrolls in a new school within the same school year, the new school district of residence (in consultation with the parents) must provide the child with FAPE (including services comparable to those described in the child's IEP from the previous school district of residence), until the new school district of residence:

- (a) Conducts an evaluation pursuant to paragraphs (E) to (G) of rule 3301-51-06 of the Administrative Code (if determined to be necessary by the new school district of residence); and
- (b) Develops, adopts, and implements a new IEP, if appropriate, that meets the applicable requirements in paragraphs (H) to (L) of this rule.

(7) Transmittal of records

To facilitate the transition for a child described in paragraphs (K)(5) and (K)(6) of this rule:

- (a) The new school district of residence in which the child enrolls must take reasonable steps to promptly obtain the child's records, including the IEP and supporting documents and any other records relating to the provision of special education or related services to the child, from the previous school district of residence in which the child was enrolled, pursuant to 34 C.F.R. 99.31(a)(2) (July 1, 2005); and
- (b) The previous school district of residence in which the child was enrolled must take reasonable steps to promptly respond to the request from the new school district of residence.

(L) Development, review, and revision of IEP

(1) Development of IEP

(a) General

In developing each child's IEP, the IEP team must consider:

- (i) The strengths of the child;
- (ii) The concerns of the parents for enhancing the education of their child;
- (iii) The results of the initial or most recent evaluation of the child;
- (iv) The results of the child's performance on any state or districtwide assessment programs, as appropriate; and
- (v) The academic, developmental, and functional needs of the child.

(b) Consideration of special factors

The IEP team must:

- (i) In the case of a child whose behavior impedes the child's learning or that of others, consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior;

- (ii) In the case of a child with limited English proficiency, consider the language needs of the child as those needs relate to the child's IEP;
- (iii) In the case of a child who is blind or visually impaired:
 - (a) Provide for instruction in braille and the use of braille unless the IEP team determines, after an evaluation of the child's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the child's future needs for instruction in braille or the use of braille), that instruction in braille or the use of braille is not appropriate for the child; and
 - (b) Ensure that the requirements for IEPs for children with visual impairments are implemented as provided in section 3323.011 of the Revised Code;
- (iv) Consider the communication needs of the child, and in the case of a child who is deaf or hard of hearing, consider the child's language and communication needs, opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child's language and communication mode; and
- (v) Consider whether the child needs assistive technology devices and services.

(c) Requirement with respect to regular education teacher

A regular education teacher of a child with a disability, as a member of the IEP team, must, to the extent appropriate, participate in the development of the IEP of the child, including the determination of:

- (i) Appropriate positive behavioral interventions and supports and other strategies for the child; and
- (ii) Supplementary aids and services, program modifications, and support for school personnel consistent with paragraph (H)(1)(e) of this rule.

(d) Agreement

- (i) In making changes to a child's IEP after the annual IEP team meeting for a school year, the parent of a child with a disability and the school district may agree not to convene an IEP team meeting for the purposes of making those changes, and instead

may develop a written document to amend or modify the child's current IEP.

- (ii) If the IEP team amends or modifies the child's current IEP, as described in paragraph (L)(1)(d)(i) of this rule, the annual review date for the amended or modified IEP does not change. The annual review date will change upon a complete review and revision of the child's IEP as outlined in paragraph (L)(2) of this rule.
- (iii) If changes are made to the child's IEP in accordance with paragraph (L)(1)(d)(i) of this rule, the school district must ensure that the child's IEP team is informed of those changes.

(e) Consolidation of IEP team meetings

To the extent possible, the school district must encourage the consolidation of reevaluation meetings for the child and other IEP team meetings for the child.

(f) Amendments

Changes to the IEP may be made either by the entire IEP team at an IEP team meeting, or as provided in paragraph (L)(1)(d) of this rule, by amending the IEP rather than by redrafting the entire IEP. When an IEP is amended the school district shall send a copy of the amended IEP to the parent within thirty days of the date the IEP was amended.

(2) Review and revision of IEPs

(a) General

Each school district must ensure that, subject to paragraphs (L)(2)(b) and (L)(2)(c) of this rule, the IEP team:

- (i) Reviews the child's IEP periodically, but not less than annually, to determine whether the annual goals for the child are being achieved; and
- (ii) Revises the IEP, as appropriate, to address:
 - (a) Any lack of expected progress toward the annual goals described in paragraph (H)(1)(c) of this rule, and in the general education curriculum, if appropriate;
 - (b) The results of any reevaluation conducted under rule 3301-51-06 of the Administrative Code;

(c) Information about the child provided to, or by, the parents, as described under paragraph (F)(1)(b) of rule 3301-51-06 of the Administrative Code;

(d) The child's anticipated needs; or

(e) Other matters.

(b) Consideration of special factors

In conducting a review of the child's IEP, the IEP team must consider the special factors described in paragraph (L)(1)(b) of this rule.

(c) Requirement with respect to regular education teacher

A regular education teacher of the child, as a member of the IEP team, must, consistent with paragraph (L)(1)(c) of this rule, participate in the review and revision of the IEP of the child.

(3) Failure to meet transition objectives

(a) Participating agency failure

If a participating agency, other than the school district, fails to provide the transition services described in the IEP in accordance with paragraph (H)(2) of this rule, the school district must reconvene the IEP team to identify alternative strategies to meet the transition objectives for the child set out in the IEP.

(b) Construction

Nothing in this rule relieves any participating agency, including a state vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to children with disabilities who meet the eligibility criteria of that agency.

(4) Children with disabilities in adult prisons

(a) Requirements that do not apply

The following requirements do not apply to children with disabilities who are convicted as adults under state law and incarcerated in adult prisons:

(i) The requirements contained in Section 612(a)(16) of the IDEA and paragraph (H)(1)(g) of this rule (relating to participation of children with disabilities in general assessments).

(ii) The requirements in paragraph (H)(2) of this rule (relating to transition planning and transition services) do not apply with respect to the children whose eligibility under Part B of the IDEA will end, because of their age, before they will be eligible to be released from prison based on consideration of their sentence and eligibility for early release.

(b) Modifications of IEP or placement

(i) Subject to paragraph (L)(4)(b)(ii) of this rule, the IEP team of a child with a disability who is convicted as an adult under state law and incarcerated in an adult prison may modify the child's IEP or placement if the state has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.

(ii) The requirements of paragraphs (E) and (H) of this rule do not apply with respect to the modifications described in paragraph (L)(4)(b)(i) of this rule.

(M) Nonpublic school placements by public school districts

(1) Developing IEPs

(a) Before a public school district places a child with a disability in, or refers a child to, a nonpublic school or facility, the district must initiate and conduct a meeting to develop an IEP for the child in accordance with paragraphs (H) and (L) of this rule.

(b) The district must ensure that a representative of the nonpublic school or facility attends the meeting. If the representative cannot attend, the district must use other methods to ensure participation by the nonpublic school or facility, including individual or conference telephone calls.

(2) Reviewing and revising IEPs

(a) After a child with a disability enters a nonpublic school or facility, any meetings to review and revise the child's IEP may be initiated and conducted by the nonpublic school or facility at the discretion of the public school district.

(b) If the nonpublic school or facility initiates and conducts these meetings, the public school district must ensure that the parents and a district representative:

(i) Are involved in any decision about the child's IEP; and

(ii) Agree to any proposed changes in the IEP before those changes are implemented.

(3) Responsibility

Even if a nonpublic school or facility implements a child's IEP, responsibility for compliance with this rule remains with the public school district and the Ohio department of education.

(N) Educational placements

Consistent with rule 3301-51-04 of the Administrative Code, each school district must ensure that the parents of each child with a disability are members of any group that makes decisions on the educational placement of their child.

(O) Alternative means of meeting participation

When conducting IEP team meetings and placement meetings pursuant to this rule, and Subpart E of Part B of the IDEA, and carrying out administrative matters under Section 615 of the IDEA (such as scheduling, exchange of witness lists, and status conferences), the parent of a child with a disability and a school district may agree to use alternative means of meeting participation, such as video conferences and conference calls.

3301-51-08 Parentally placed nonpublic school children.

(A) Children's rights to services

Each school district is required to provide equitable services and participation for eligible children who are attending a chartered or non-chartered nonpublic school located within the district's geographical boundaries. The school district must have timely and meaningful consultation with the chartered and non-chartered nonpublic school officials to determine if any children attending those nonpublic schools are eligible for equitable services.

(B) Child find for parentally placed nonpublic school children with disabilities

(1) General

Each school district must locate, identify, and evaluate all children with disabilities who are enrolled by their parents in nonpublic, including religious, elementary schools and secondary schools located in the school district, in accordance with paragraphs (B)(2) to (B)(5) of this rule and with rules 3301-51-01 and 3301-51-03 of the Administrative Code.

(2) Child find design

The child find process must be designed to ensure:

- (a) The equitable participation of parentally placed nonpublic school children; and
- (b) An accurate count of those children.

(3) Activities

In carrying out the requirements of this rule, the school district where the nonpublic school is located must undertake activities similar to the activities undertaken for the district's public school children.

(4) Cost

The cost of carrying out the child find requirements in this rule, including individual evaluations, shall not be considered in determining if a school district has met its obligation under paragraph (E) of this rule. The proportionate share of Part B funds set aside to serve children with disabilities in nonpublic schools cannot be used for child find activities, including individual evaluations.

(5) Completion period

The child find process must be completed in a time period comparable to that for students attending the school district where the nonpublic school is located consistent with rules 3301-51-03 and 3301-51-06 of the Administrative Code.

(6) Determination of eligibility

The school district where the nonpublic school is located shall conduct, either directly or through contract, a full and individual initial evaluation in accordance with rule 3301-51-06 of the Administrative Code for children suspected of having a disability.

- (a) If the parents do not make clear their intention to keep their child enrolled in the nonpublic school, then the school district where the nonpublic school is located shall provide the parents of children who are determined eligible for services under rule 3301-51-06 of the Administrative Code written documentation stating that the child's school district of residence is responsible for making a free appropriate public education (FAPE) available to the child.
- (b) A copy of this documentation shall be sent to the child's school district of residence, provided the school district where the nonpublic school is located receives written parental consent for this information to be released to the child's school district of residence.

(7) School district of residence

- (a) A school district of residence is not required to pay for the cost of FAPE of a child with a disability at a nonpublic school or facility if:
 - (i) The school district of residence made FAPE available to the child in the public school; and
 - (ii) The parents elected to place the child in the nonpublic school or facility.
- (b) However, the school district of residence must include the child described in paragraph (B)(7)(a) of this rule in the population whose needs are addressed consistent with the requirements of this rule.
- (c) If the parents make clear their intention to keep their child with a disability enrolled in a nonpublic school then the school district of residence need not develop an individualized education program (IEP) for the child. If the child with a disability who is in need of special education and related services enrolls or re-enrolls in the school district of residence, the school district of residence must make FAPE available.

(8) Confidentiality requirements

When conducting child find, evaluation and service activities, the school district where the nonpublic school is located must be in compliance with all confidentiality requirements of the Individuals with Disabilities Education Act, as amended by the Individuals with Disabilities Education Improvement Act of 2004, December 2004 (IDEA), and the Family Education Rights and Privacy Act of 1974, August 1974 (FERPA).

- (a) If a child is enrolled or is going to enroll in a nonpublic school that is not located in the school district of the parent's residence, parental consent must be obtained before any personally identifiable information about the child is released between officials in the school district where the nonpublic school is located and officials in the school district of the parent's residence.
- (b) The school district where the nonpublic school is located shall follow all the IDEA and the FERPA confidentiality requirements when serving children with disabilities attending chartered and non-chartered nonpublic schools.

(9) Continued determination of eligibility

Children with disabilities enrolled by their parents in nonpublic schools and receiving special education and any related services must be reevaluated by the school district where the nonpublic school is located:

- (a) Not more frequently than once a year, unless the parent and the district agree otherwise; and
- (b) At least once every three years, unless the parent and the district agree that a reevaluation is unnecessary.

(10) Out-of-state children

Each school district in which nonpublic, including religious, elementary schools and secondary schools are located must, in carrying out the child find requirements in this rule, include parentally placed nonpublic school children who reside in a state other than the state in which the nonpublic schools that they attend are located.

(C) Provision of services for parentally placed nonpublic school children with disabilities: basic requirement

(1) General

To the extent consistent with the number and location of children with disabilities who are enrolled by their parents in nonpublic, including religious, elementary schools and secondary schools located in the school district, provision is made for the participation of those children in the program assisted or carried out under Part B of the IDEA by providing them with special education and related services, including direct services determined in accordance with this rule.

(2) Services plan for parentally placed nonpublic school children with disabilities

In accordance with paragraph (C)(1) and paragraphs (I) to (K) of this rule, a services plan must be developed and implemented for each nonpublic school child with a disability who has been designated by the school district in which the nonpublic school is located to receive special education and related services under this rule.

(D) Reporting requirements

(1) The following children with disabilities, who are enrolled by their parents in nonpublic schools, shall be counted and reported to the Ohio department of education by the school district where the nonpublic school is located, during the October education management information system (EMIS) reporting period:

- (a) Children identified as eligible to receive special education services under the IDEA, but who do not have a services plan; and
- (b) Children who are suspected of having a disability who are enrolled by their parents in nonpublic schools and who are evaluated and determined not eligible to receive special education and related services under the IDEA.

(2) Children with disabilities who are receiving special education services in accordance with a services plan funded through Part B of the IDEA or auxiliary services funds shall be counted for the December 1 child count report by the school district where the nonpublic school is located to generate Part B special education funds.

(E) Expenditures

(1) Formula

The school district where the nonpublic school is located must spend the following on providing special education and related services (including direct services) to parentally placed nonpublic school children with disabilities:

- (a) For children between the ages of three and twenty-one, inclusive, an amount that is the same proportion of the school district's total subgrant

under Section 611(f) of the IDEA as the number of nonpublic school children between the ages of three and twenty-one, inclusive, who are enrolled by their parents in nonpublic, including religious, elementary schools and secondary schools located in the school district, is to the total number of children with disabilities in its jurisdiction between the ages of three and twenty-one, inclusive.

- (i) For children aged three through five, an amount that is the same proportion of the school district's total subgrant under Section 619(g) of the IDEA as the number of parentally placed nonpublic school children with disabilities aged three through five who are enrolled by their parents in a nonpublic, including religious, elementary school located in the school district, is to the total number of children with disabilities in its jurisdiction aged three through five.
- (ii) As described in paragraph (E)(1)(a)(i) of this rule, children aged three through five are considered to be parentally placed nonpublic school children with disabilities enrolled by their parents in nonpublic, including religious, elementary schools, if they are enrolled in a nonpublic school that meets the definition of elementary school in rule 3301-51-01 of the Administrative Code.

- (b) If the school district where the nonpublic school is located has not expended for equitable services all of the funds described in paragraphs (E)(1)(a) of this rule by the end of the fiscal year for which congress appropriated the funds, the school district must obligate the remaining funds for special education and related services (including direct services) to parentally placed nonpublic school children with disabilities during a carry-over period of one additional year.

(2) Calculating proportionate amount

- (a) In calculating the proportionate amount of federal funds to be provided for parentally placed nonpublic school children with disabilities, the school district where the nonpublic school is located, after timely and meaningful consultation with representatives of nonpublic schools under paragraph (F) of this rule, must conduct a thorough and complete child find process to determine the number of parentally placed children with disabilities attending nonpublic schools located in the school district.
- (b) The annual count of the number of parentally placed nonpublic school children with disabilities must be used to determine the amount that the school district where the nonpublic school is located must spend on providing special education and related services to parentally placed

nonpublic school children with disabilities in the next subsequent fiscal year.

(3) Supplement, not supplant

State and local funds may supplement and in no case supplant the proportionate amount of federal funds required to be expended for parentally placed nonpublic school children with disabilities under this rule.

(4) Use of federal funds provided through the IDEA

The amount of special education IDEA Part B and early childhood special education flow-through benefits that the school district where the nonpublic school is located must allocate for eligible nonpublic school children is determined as follows:

(a) The proportionate share allocation is calculated as specified in appendix B “Proportionate Share Calculation” to 34 C.F.R. Part 300 (October 13, 2006). For purposes of the calculation of the proportionate share under appendix B, “LEA” means the school district in which the nonpublic school is located and “private school” means nonpublic school as defined in paragraph (B)(38) of rule 3301-51-01 of the Administrative Code

(b) The calculation of the proportionate share of IDEA Part B special education funds is based upon a number of factors including child count, public and nonpublic population counts and the number of children within the district living in poverty. Due to these factors, each school district’s calculation will vary based on its individual data and a statewide per-child allocation cannot be determined.

(5) Use of state funds and provision of auxiliary services

(a) Opportunity for participation

Auxiliary services funds are generated for each school district based upon the number of children attending chartered nonpublic elementary or secondary schools within the district. Auxiliary services funds may be used to provide services to children with disabilities who are attending chartered nonpublic schools within the boundaries of a given school district (sections 3317.024 and 3317.06 of the Revised Code).

(b) Approval of services to be provided

The school district within whose boundaries the chartered nonpublic school is located has the responsibility for approving the chartered

nonpublic school's request for services prior to the provision of such services.

(c) Location of services

Personnel funded with auxiliary services funds may provide services either on or off the premises of the chartered nonpublic school to children enrolled in a religiously affiliated or nonsectarian school. If services are provided in the public school or in public centers, transportation to and from such facilities shall be provided by the school district in which the chartered nonpublic school is located (division (I) of section 3317.06 of the Revised Code).

(d) Documentation of services

If a child is unilaterally placed by the child's parents in a chartered nonpublic school and the child will be receiving special education and related services using both Part B funds and auxiliary funds or using auxiliary funds only, the services provided by auxiliary funds must be clearly marked as auxiliary services on the child's services plan. These services are not subject to the IDEA complaint or due process procedures.

(F) Consultation

(5) Written explanation by the school district regarding services

How, if the school district where the nonpublic school is located disagrees with the views of the nonpublic school officials on the provision of services or the types of services (whether provided directly or through a contract), the school district where the nonpublic school is located shall provide to the nonpublic school officials a written explanation of the reasons why the school district chose not to provide services directly or through a contract.

(G) Written affirmation

- (1) When timely and meaningful consultation has occurred, the school district where the nonpublic school is located must obtain a written affirmation signed by the representatives of participating nonpublic schools.
- (2) If the representatives do not provide the affirmation within a reasonable period of time or choose not to participate, the school district where the nonpublic school is located must document its consultation attempts and forward documentation of the consultation process to the Ohio department of education. If a nonpublic
